What Comes After Atomic Attack?

(Last in a series)

By AUSTIN SCOTT

SACRAMENTO (AP)—If California were hit by a nuclear attack, what would happen when citizens emerged from shelters to resume their lives?

Allan K. Jonas, director of the California Disaster Office, thinks the state could resume normal activities quickly and with little confusion if proper preparations are made beforehand.

Jonas says there are six targets in California designated high priority. They are all Air Force Bases. March near Riverside, Castle near Merced, Mather near Sacramento, Travis near Fairfield, Beale near Marysville and Vandenberg near Santa Maria.

If nuclear warheads large enough to destroy these targets were dropped tomorrow, CDO estimates 70 per cent of the state's 16.4 million people would be hit by deadly fallout in 12 hours.

Without adequate preparation, CDO says, two-thirds of these would die. With proper preparation, the agency thinks 90 per cent could be saved.

Under the state's present master plan, after such an attack each state agency would take over one segment of reconstruction.

Highway Patrol officers with radiological monitoring equipment would notify hit areas when radiation had dropped to safe levels.

The agriculture department would check available food supplies for contamination.

The Public Works Department would restore electricity and other essential services, and many departments would combine forces on rescue work.

Food in hit areas would be rationed on a need basis. Family centers would be set up to regroup those separated in the rush for shelter.

The military, which once concerned itself only with fighting the enemy, would be ordered to help with civil defense and reconstruction.

The state government, from temporary emergency headquarters at Folsom, would try to run the state in as nearly normal pattern as possible.

Every key man in state government has named a successor to take over in the event of his death.

The state hopes to complete all local government emergency plans by the end of 1961.

The governor's State Shelter Study Committee said last November that no long-range disaster program can succeed without an informed and trained public behind it.

Information on just about any phase of civil defense to local and county officials.

California gives adult education classes in civil defense. A monthly newsletter is published, and radio and television coverage of CDO activities has been steepped up.

Director Jonas sums it up this way:

"I think the public is responding very well to the need for civil defense, but I have found many individuals to be overwhelmed by the size of the problem.

"There is a real need for civil defense, because there is a real danger of nuclear war. President (John F.) Kennedy has said the only time this nation need not fear a nuclear attack is when we are prepared for it.

"The vital question is not how much time do we have to prepare, but how quickly can we complete our preparations?

"We must provide leadership in acquiring shelter from fallout, we must build protected emergency centers where lifesaving activities can proceed uninterrupted. We must extend out communications network to every corner of California.

"We must make every citizen aware of the hazards of modern warfare and the steps that will protect him and his family.

"We believe that in a nuclear war, almost every Californian can be saved, and that is what we intend to do.

"California's plan for survival will succeed in proportion to the number of Californians who support it. We know what must be done, and we must do it now."

19 Marin Gls Don Uniforms

Nineteen Marin County youths, members of the first Army reserve unit to be called to active duty from the county, will assemble in San Rafael Sunday morning to head for Fort Lee, Va.

The men are members of the 94th Quartermaster Platoon (Petroleum Depot), whose headquarters are at 46 Louise Street, San Rafael. The unit, including one officer and 32 enlisted men, specializes in laying pipelines.

The first 19 men, headed by First Lt. Emeron L. Reynard Jr., will be inspected by Lt. Col. G. G. Parmer of Headquarters, 15th Army Corps, Sunday morning before leaving for Virginia in private cars. The remainder of the unit will fly to Virginia later, in time to reach Fort Lee by Oct. 23.

Army adviser for the unit is Capt. G. C. Gossert of 774 Del Ganado Road, Terra Linda. Captain Gossert said the men were called in for one year of active duty.

ONE MAN'S STORY

How Does It Feel To Get 'The Word'

How does it feel to a military reservist when Uncle Sam taps him and says, "You go on active duty"?

It happened last month to about 11,000 men in western states who are members of what the Army calls its "control group" — ready reservists not attached to any organized unit.

One of them is William M. Stiveson of Novato, 26-year-old principal of the Three-R School in Santa Rosa.

Sand Stiveson: "Your first reaction is a kind of disappointment; then hope — hope that you might be spared. Finally, resignation sets in."

Stiveson has his bags packed and ready. He is to report for duty at 8 a.m. Sunday at Fort Lewis, Wash.

Ironically, Stiveson was formerly a member of the 91st Quartermaster Platoon (Petroleum Depot), an organized reserve unit based in San Rafael, but disaffiliated from it while teaching evening classes at San Quentin Prison. His old outfit got its orders last month also. Its advance guard will leave San Rafael Sunday for Fort Lee, Va.

Stiveson and his wife, Dixie, live at 34 Los Alondras Court. They have two daughters, Laura and Tracey.

He has been a teacher since 1959, starting in that profession after completing six months of Army duty at Fort Ord following his graduation from University of San Francisco. He taught first at West Novato School, then at Novato High School. Last January he took an additional evening job teaching first and second grades at San Quentin Prison.

Last summer he was offered principalship of the new Three-R School in Santa Rosa.

Then came the bomb shell: "Re: Call to active duty. You are hereby ordered to report before 2400 hours on 15 Oct. 1961 to . . ." etc.

A teacher?

"If I were a science or math teacher," Stiveson says with a shrug, "maybe . . . but English, being a principal, they don't classify either one as a critical job. My Army MOS(military occupational specialty) is 550.00. Laborer."

The home the Stivesons rent in Novato is modest. The lawn in back is tree shaded and there are children's toys there. A late model car is parked in the driveway; it is still being payed for. There are furniture payments, too.

"We were hoping, with luck, to start buying a home of our own soon," Stiveson says.

Inverness As A City Under Study

Advantages and disadvantages of incorporation for Inverness are under study by the Inverness Improvement Assn.

Corwin Mocine, chairman of the planning committee of the improvement association, announced he would contact some incorporation experts at University of California to get information on municipal incorporation.

The next meeting of the improvement association is set for 8 p.m. Nov. 3 at the Inverness firehouse.

Possibility of incorporating Inverness has been discussed off and on for about a year, said Ray Randall, secretary. "I would say there is very little immediate interest in incorporation," Randall explained. "Right now, it's just a matter of getting information on the advantages and disadvantages.

"I'd say we're quite a long ways off from incorporation yet, unless we come up with some distinct advantages and very little disadvantage."

Randall said he does not know whether Mocine will have information to report by the November meeting. Mocine is a faculty member at University of California.

San Rafael Home Hit By Blaze

Flames engulfed the home of attorney Berwyn A. Rice at 310 Forbes Avenue, San Rafael, shortly after noon today. Firemen were able to confine the blaze to the attic in the two-story house.

The large shingle home, about 60 years old, was filled with smoke and flames by the time firemen arrived in response to a call at 12:29 p.m. from a neighbor who saw smoke coming from the second floor windows.

No one was at home at the time.

Electric lines leading to the house began to burn and threatened to fall into the intersection of Forbes Avenue and J Street.

6-Year-Old Boy Struck By Auto

Garrett Lawrence, 6, son of Dr. and Mrs. Herbert Lawrence of 348 Magee Avenue, Mill Valley, was scratched on the lip yesterday when he was hit by a car driven by Mrs. Mary T. Loeb on Summit Avenue.

Mrs. Loeb, who lives at 226 Summit, told police the boy ran across the street into the path of her car at 4:45 p.m. He was examined by a doctor.

Justice Douglas Frees Mickey Cohen On Bail

WASHINGTON (AP)—Justice William O. Douglas of the Supreme Court today granted Mickey Cohen, Los Angeles gambling figure, released on bail of $100,000 pending appeals from his conviction of income tax violations.

Cohen was sentenced on the income tax charges to 15 years in prison and fined $30,000.

The U.S. District Court in Los Angeles and the U.S. Circuit Court in San Francisco refused to permit release of Cohen on bail.

Douglas, in permitting Cohen's release, commented that before conviction Cohen was out on bail and made no effort to escape.

The justice said that Cohen did help to secrete Candy Barr, a stripteaser, in Mexico while a case against her was pending in this country. She subsequently returned to the United States.

That episode, said Douglas, was emphasized to him as showing Cohen's "proclivity for evasive conduct." It also was pointed out, the justice said, "that one who jumps bail and leaves this country for Mexico is not extraditable under existing treaties."

Douglas said he was greatly influenced by refusal of the lower courts to permit Cohen's release on bail. But he commented that he had an obligation to discharge "that none other can assume for me."

Father Gets Jail For Child Neglect

A San Anselmo father must spend three weeks in jail and remain on three years' supervised probation for child neglect.

Freeman M. Owens, 28, of 727 Sir Francis Drake Boulevard pleaded guilty yesterday before Judge Leonard A. Thomas in Marin Municipal Court. Owens and his wife Winifred, 29, were arrested on charges that they had neglected their children, ranging in age from 3 months to 8 years.

Police said the children were helf-clothed and hungry.

The case against Mrs. Owens is still pending. The judge yesterday appointed attorney Ann Diamond to represent her and ordered her to appear in court tomorrow.

Khrushchev Held Ready To Meet Western Leaders

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev is ready to meet Western leaders to settle "the present difficult situation," the official Soviet Tass News Agency said today.

Tass said Khrushchev stated his willingness to attend such a meeting in a letter to Kaoru Yasui, chairman of the Japanese Council against Nuclear Weapons.

"Khrushchev declares he is ready to meet the Western leaders in order to find a way out of the present difficult situation," the official agency said.

WAR DANGER

In his letter, Tass said, Khrushchev stated the Soviet position on "the increasing war danger and the resumption of nuclear tests."

At the same time, Khrushchev wrote another letter—to a group of British Labor party MPs—outlining the Soviet position for settling the Berlin and German problems.

In the second letter, Khrushchev said the Soviet government "is ready to make efforts" toward an East-West settlement on Berlin and Germany which would:

"Ensure guaranteed access to Berlin."

POLAND BORDER

Recognize the Oder-Niese border between Germany and Poland.

Recognize the existence of both East and West Germany and admit both to the United Nations.

Ban nuclear weapons being supplied to both East and West German troops.

Arrange for the "disengagement of NATO and Warsaw treaty armed force."

'Mankind Won't Be Blown Up'

CHAPEL HILL, N.C. (UPI)—President John F. Kennedy, sounding a Berlin crisis keynote of both firmness and flexibility, said today the United States does not "intend to let the Free World be blown to pieces."

In a speech at the University of North Carolina, the president told the American people they could be assured of being "neither Red nor dead" if the country faces its risks "undeterred by fanatics at home or abroad."

In the nuclear age, he said, it would be a dangerous illusion to think that American problems could be encompassed in a single slogan such as "total victory."

Now for the first time in history, he added, two powers have the capacity to destroy each other. And while seeking peace, he said, this country does not intend to let the Free World be blown apart.

Kennedy's off-the-cuff speech to an audience of 35,000 in the university stadium was in effect a follow-up to his sombre press conference statement yesterday that "we happen to live in the most dangerous time in the history of the human race."

The occasion for the speech was a convocation where Kennedy received his first honorary degree since becoming chief executive.

A.F. Exercise To Ground Civilians

All civilian aircraft will be grounded from 9 a.m. to 9 p.m. Saturday to clear the skies for "Operation Skyshield No. 2," it was announced today by Maj. Gen. Mervin Magee, commander of the 28th region, North American Air Defense.

Gen. Magee said that there will be increased air capacity starting at 8 a.m. today through the climax on Saturday.

Kennedy Sees No Easy Halt For Crises

WASHINGTON (AP) — President John F. Kennedy sees no easy or early halt to East-West collisions which have pushed mankind to, as he views it, the gravest danger point in all history.

"There still are very major differences," he says, between the Western powers and the Soviet Union.

The talks he and Secretary of State Dean Rusk have had with Soviet Foreign Minister Andrei A. Gromyko in the last few weeks have failed to produce immediate hope of achieving agreement on Berlin, Kennedy told his news conference yesterday.

"Our ambition is to protect our vital interests without a war which destroys and doesn't really represent a victory for policy," Kennedy said. He added that Americans are rightfully concerned in this age of annihilating weapons because: "We happen to live in the most dangerous time in the history of the human race."

Other areas of conflict exist outside Germany, he said—and announced he is dispatching Gen. Maxwell D. Taylor for an on-scene survey of South Viet Nam.

Taylor, the president's military adviser, leaves Sunday and will meet with Vietnamese President Ngo Dinh Diem and U.S. officials to discuss ways of helping South Viet Nam cope with expanding Communist attacks.

Taylor also may visit Laos and Cambodia.

In another move, Kennedy called back to government service retired Army Gen. James A. Van Fleet as a part-

WIRE NEWS BRIEFS From Everywhere

Soviet Blasts

WASHINGTON (UPI) — President John F. Kennedy disclosed yesterday that Russia has exploded "over 20" fallout producing nuclear devices — or more than has been publicly announced by the Atomic Energy Commission.

Shortly after the president's statement, the White House said the commission reports individual Soviet blasts only if an immediate announcement will not endanger this country's "special methods of detection." The AEC has announced 19 Soviet tests.

Lettuce Picker

SALINAS (UPI) — A machine which could significantly alter California's farm labor situation yesterday was demonstrated by Bud Antle, Inc., one of the world's largest lettuce growers.

George Hobbs, general manager of the firm, said the $20,000 machine could eliminate some 20,000 field jobs on California farms. He said that by Jan. 1 40 of the machines would be in operation on Antle lettuce tracts in the Salinas and Imperial valleys.

Siege In Colombia

BOGOTA, Colombia (AP) — President Alberto Lleras Camargo declared last night that the government was under attack by "extremist forces" and proclaimed a state of siege throughout the nation.

Lleras broadcast the proclamation after the army announced the recapture of 130 army rebels who escaped from detection here yesterday.

The president termed the break another effort to disrupt the presidential election next year.

Katanga Pact

ELISABETHVILLE, Katanga (AP) — Katanga President Moise Tshombe expects to sign a permanent cease-fire agreement with the United Nations tonight, a semiofficial statement in an Elisabethville paper said today.

The agreement would officially end the U.N. attempt to bring secessionist Katanga back under control of the central Congo government by force.

Fighting was suspended after a temporary cease-fire was reached Sept. 20.

Tunisia Demand

TUNIS (AP)—President Habib Bourguiba demanded today that France agree to the principle of quitting its giant Bizerte base. He laid this down as a condition before Tunisia will sign any political or economic agreement with the French.

Fallout Increase

WASHINGTON (AP) — Fallout from Soviet nuclear tests has introduced radioactive iodine 131 into fresh food supplies in many areas in the southeastern United States and probably throughout the eastern half of the country, the Public Health Service announced today.

Teamsters Exodus

NEW YORK (AP) — AFL-CIO chiefs forecast today a substantial membership exodus from James R. Hoffa's Teamsters Union now that the federation has hung out a welcome sign.

George Meany, AFL-CIO president, said he was already busy processing affiliation applications from about 100 of the nearly 900 Teamsters locals.

Tristanians Sail

CAPE TOWN, South Africa (AP)—The entire population of volcano-stricken Tristan da Cunha sailed sadly toward the 20th century today.

The Dutch liner Tsisadane last night rescued the 260 men, women and children who had fled the island for refuge on nearby Nightingale Island, an uninhabited rock, after Tristan was shaken by earthquakes and volcanic eruptions.

The liner is expected at Cape Town Tuesday.

The Tristanians have lived an 18th century existence virtually cut off from the rest of the world.

Berlin Incident

BERLIN (AP)—Ten East Berlin police invaded West Berlin territory today hunting for a defecting comrade, West police reported.

When West police rushed to the scene, the East police retreated into their own sector.

The incident was regarded by the Western authorities as a serious border violation.

Span Leap Averted

SAN FRANCISCO (AP) — A priest, a highway patrolman and a fireman teamed up last night to save a 43-year-old Piedmont man who threatened for more than an hour to jump off the San Francisco-Oakland Bay Bridge.

Robert Grabow climbed a cable 450 feet above the bay while brooding about an insurance settlement for injuries he received two years ago in an auto accident, police said.

An officer climbed the cable, the priest spoke through a loud-speaker from the road and the fireman sat atop a 105-foot aerial ladder.

The trio talked Grabow back to safety.

West Coast Ship Strike Is Settled

SAN FRANCISCO (AP) — A two-week deck officers strike that idled 44 ships along the West Coast has ended.

Spokesmen for the Masters, Mates and Pilots Union and for the shipowners, represented by the Pacific Maritime Assn., credited U.S. Under Secretary of Labor Willard Wirtz with bringing the two sides together.

Wirtz called it a compromise. Neither side seemed very happy with the settlement.

The union voted 335-252 to return to work today. The three-year contract still is subject to a referendum of the union membership.

Most of the ships idled were not expected to sail until tomorrow because today is Columbus Day.

Both sides agreed to negotiate further on six issues, including such key items as pension plan revisions and establishment of a mechanization fund.

The deck officers reportedly asked a 15 per cent increase and a one-year contract while the shipowners offered an 11 per cent increase in a four-year contract. Current pay and fringes range from $14,000 to $27,500 a year.

Spreading of work was a principal result of yesterday's agreement. Masters will get 90 days vacation a year, an increase of 20 days. Relief crews will be hired out of union halls, instead of from smaller ships. Casual workers, who had been getting no vacation, will get five days of vacation a month.

Port relief officers and ships officers will receive $3.89 an hour for night relief work in U.S. ports whether or not cargo is involved.

No other wage figures were announced.

Another 10,000 Yanks Ordered To Europe

WASHINGTON (UPI) — The Defense Department has ordered another 10,000 troops to Europe, bringing to 50,000 the number of men to be sent overseas to back America's position in Berlin.

Within little more than a month from now, all 50,000—plus hundreds of thousands of tons of equipment—should be in Europe.

The movement began yesterday with the arrival of the first 500 troops at Cherbourg, France.

Later, Defense Secretary Robert S. McNamara ordered another 10,000, including 2,500-man Third Armored Cavalry Regiment and 11 Air National Guard fighter squadrons to Europe.

The air units, McNamara said, "Will result in a significant increase in the tactical fighter strength in Europe.

"Certain heavy equipment and vehicles required by both armored and infantry divisions will be shipped to Europe and held in readiness there," he said.

Rayburn Rallies From Coma, Still Considered Critical

DALLAS, Tex. (UPI)—Doctors battled to control an unexpected siege of pneumonia today that has lessened the chances of cancer-stricken House Speaker Sam Rayburn being able to return to his home in Bonham, Tex., to die.

They had to stop giving him a drug to slow the process of the cancer in his body until the pneumonia is checked.

A bulletin issued by Baylor University Medical Center said Rayburn was in "critical" condition.

The new complication sent him into a coma yesterday. His temperature went up to 103 degrees. But with the help of a breathing machine, oxygen and antibiotic drugs, he fought death and rallied back to consciousness.

Dr. Robert F. Short Jr., physician in charge, said the 79-year-old veteran congressman responded to treatment. But he added there was no change in the malignancy itself.

Marinite Appearing In University Play

Robert G. Little of Mill Valley, sophomore at University of California at Davis, will take part in a play scheduled by the university dramatics department at the school Oct. 27.

Little, a chemistry major, is among the cast of "Cecile, or The School for Fathers," a one-act play by Jean Anouilh.

Napoleon Was Poisoned, Scientist Says

STOCKHOLM, Sweden (UPI)—A Swedish scientist said today that Napoleon Bonaparte was murdered on the island of St. Helena by someone who had slipped arsenic into his food for nearly six years.

In a book entitled "Who Murdered Napoleon?", published today, Dr. Sten Forshufvud attempted to show that it was a witch's brew of bitter almonds and not cancer that finally killed the French emperor in 1821.

And Forshufvud, documenting his suspicions of the killer, indicated that the man was a French general who stood at Napoleon's death-bed. He said the clinching evidence of murder was found in strands of Napoleon's hair.

Forshufvud, a Gothenburg dental scientist, borrowed the strands of hair, and had them analyzed at Glasgow university in Scotland.

The report from Glasgow, said Forshufvud, showed 10.38 micrograms of arsenic for every gram of Napoleon's hair.

Forshufvud disclosed that the Glasgow chemists were unaware that they were analyzing Napoleon's hair.

Forshufvud, who had done research on Napoleon for years, said he built his theories on memoirs and personal notes, post-mortem documents and letters, and by reports of persons who surrounded the French emperor during his final days.

Floods during the winter of 1955-56 toppled more than 300 major redwood trees in the Humboldt Redwoods State Park in California.

Marin's Welfare Program Gets National Attention

Marin County's constructive work in the field of public welfare received two more evidences of national attention this week.

A national magazine mentioned Marin as experimenting in "human salvage" as means of getting families off relief rolls, and a New York newspaper reporter visited Welfare Director Betty L. Presley and staff to gather facts on what is being done here.

The reporter, Frank Beetle of Albany, N. Y., is employed by a chain of papers which first broke the story of how Newburgh, N. Y., sought more stringent relief rules after reaching a point where nearly one-third of its budget had to be allocated for relief. He said the effort now is to gain information about such places as Marin County where skilled professional work has lightened the tax burden.

The magazine which mentioned Marin is Harper's for October, in its leading article "A Way Out of the Relief Mess" by Edgar May, a newspaper reporter who was instrumental in getting reform in the Erie County welfare department by demonstrating that overloaded, underpaid and unskilled case workers were costing rather than saving money.

As result of his revelations in the Buffalo Evening News the welfare commissioner reorganized the department to decrease case loads, added 42 new case workers and gave starting salaries among the highest in the state.

May wrote how Newburgh attempted punishment of welfare recipients but in questioning them was unable to disclose a single case of fraud. He went on:

"From Marin County, California, to my neighboring Niagara County, experimental programs in human salvage have shown that many families do not have to stay on relief."

The Public Aid Commission of the Illinois legislature last February visited San Rafael to study rehabilitation and other work with special reference to the successful Aid to Dependent Children program.

Ghana is about twice the size of Mississippi and has a population of five million.

'SO THAT'S WHAT I GOT!' — Bill Hurley shows astonishment as he looks in mirror at Tony's Barber Shop to discover what happened to the back of his head, cut to order for Key Club initiation at San Rafael High School. Barber Anton Petkovich seems pleased with his work, as do Dave Differding (facing camera), Key Club president; Ken Oleari (left), sergeant, and Andy Nixon, secretary.

Nine High School Boys Sport 'Krazy' Haircuts

Nine San Rafael High School boys were sporting the kraziest haircuts today; and Vice Principal Gary Dunn was threatening to have his own head shaved and don sackcloth and ashes.

The haircuts were given the boys — none of them objected strenunously — after school yesterday as part of their initiation into the Key Club, a Kiwanis Club-sponsored service group on the high school campus.

On the back of each boy's head, a large "K" was shaved—a professional job, done by Tony's Barber Shop in the Montecito Shopping Center across Third Street from the high school campus.

The whole stunt, said Dunn, is "outside the limits of approved activities" at the high school.

"There doesn't seem to be any limit to this sort of thing once it begins," he said.

However, no disciplinary action is planned against the Key Club.

The reason, said Dunn: "They outmaneuvered me."

He said the boys had proposed the haircut stunt to him. He had promised to give them an answer. Then it had slipped his mind.

So the Key Clubbers acted on the principle that silence means consent.

Sporting the "K's" — to the admiration (?) of fellow students male and female, were Harvey Klyce, Bill Wallace, Jay McInnis, Ron Guttman, Jeff Kender, Carl Schmidt, Bill Hurley and Roy Weeland.

'THE WORD'

Continued from page 1

"And, perhaps, some day build in Mill Valley. Of course, these plans are off now — for the time being.

"And, of course, we'll have to give up this place. You know about a Pfc's pay; and, besides, I don't want Dixie and the babies left alone. They'll be moving in with her parents (Mr. and Mrs. Frank M. Herr, 35 Thalia Street, Mill Valley).

"The car? That may have to go. I don't know yet. The furniture? I don't know about that, either. There are so many loose ends . . .

"It's funny, Tracey's 10 months old now, beginning to walk and a little shy. I guess she'll be talking by the time I'm home again."

Clothing Stolen From Parked Car

About $200 worth of clothing, just back from the cleaners, disappeared from a car parked in Mill Valley, sheriff's deputies reported today.

Mrs. Adeline M. Lang of 202 Julia Avenue told Deputy James L. Current that her son Hobert Nelson Jones of Daly City had parked his car in her driveway Tuesday night. Jones had his clothes hanging in the car on hangers.

Yesterday morning, the clothes were gone. They included suits, trousers, and jackets.

OBITUARIES

Ruth Miller Services Are Held

Funeral services were held today for Ruth M. Miller, 47, long-time postal employee in Corte Madera, who died at her home Sunday after a long illness.

Mrs. Miller resided with her husband, Harry C. Miller, an employee of the Larkspur School District, at 118 Palm Avenue. She had worked for the post office for 19 years.

Services were held at Chapel of the Hills in San Anselmo. Interment was at Mount Tamalpais Cemetery.

STELLA MARTINONI

Private funeral services for Mrs. Stella P. Martinoni, widow of San Francisco wholesale merchant Emil Martinoni, were held today at Keaton's Mortuary in San Rafael.

Mrs. Martinoni, 79, died of a stroke yesterday in a local rest home.

She was the mother of Mrs. Aimee d'Alessio of Thomas Court in Ross. She also leaves three grandchildren.

The daughter of a pioneer San Francisco family, she was active in many of that city's charitable organizations. A charter member of Vittoria Colonna, an Italian-American social group, she was treasurer of the Italian Welfare Board of San Francisco and worked with the San Francisco Guild for Crippled Children.

B. McLACHLIN

Bruce Duncan McLachlin, 4-year-old son of William W. McLachlin, owner of the Redmond Insurance Agency in San Rafael, died this morning at a Palo Alto hospital after a two-year illness.

He is survived by his parents, Mr. and Mrs. William McLachlin, and sister Laura Jane, of 25 Marina Boulevard in San Rafael. Other survivors include his grandparents, Mrs. Isabella R. McLachlin and Mr. and Mrs. Silvio Rufino also of San Rafael.

Private funeral services will be held at Keaton's Mortuary in San Rafael on Saturday at 11 a.m. Interment will be at Mt. Tamalpais Cemetery.

Memorial contributions to the pediatrics department of the Stanford School of Medicine at Palo Alto are preferred by the family.

BERNIE MARTINEZ

Bernie Martinez, 45-year-old dishwasher-janitor at the Embers in Corte Madera, suffered a heart attack while at work yesterday afternoon and was dead on arrival at Marin General Hospital.

Martinez, who resided at 15 G Street, San Rafael, reported to work yesterday about 2 p.m. At 3:30 p.m. he complained to bartender Duane A. Lundgren of not feeling well. Martinez sat down to rest but moments later fainted. Lundgren called Marin Ambulance who rushed Martinez to the hospital, but he died en route.

Martinez had been a kitchen helper for chef Herbert H. Trent of San Anselmo for various restaurants throughout Marin for the past 15 years.

He is survived by his wife, Mary Grace Martinez.

The body was taken to Keaton's Mortuary, San Rafael.

TV Service Robbed

Tad Kuwatani, owner of Tad's TV and Radio Repair Service at 398 Miller Avenue, Mill Valley, reported to police at 6:40 p.m. yesterday that someone took a portable transistor radio valued at $50 from his show case between Saturday and Wednesday.

Series Starts On Education In County

Operations of the San Anselmo School District and Tamalpais Union High School District were described yesterday to the first of a series of group information meetings on public education in the San Anselmo area.

Stephen Parodi, San Anselmo school superintendent, and Chester G. Carlisle, Tamalpais Union High School District superintendent, addressed about 15 adults at the home of Mrs. Joseph B. Purcell at 58 Monterey Avenue, San Anselmo.

Both answered questions from the floor and stressed the importance of a reading project started by the group. Carlisle listed services that his district provides for the handicapped and said adults are using services to a growing degree.

Carlisle described a new mathematics program in his district and Parodi said the elementary schools are arranging their program to be correlated with it.

Next of the public information meetings will be Wednesday at the home of Mrs. William C. Anderson at 300 Bolinas Avenue, San Anselmo, said Mrs. H. F. Harnsberger of Sleepy Hollow, who is arranging the scheduling. She said speakers have not yet been selected.

Film Tonight At Jewish Center

First of a series of foreign movies presented by the Marin Jewish Community Center will be shown tonight at 8:30 o'clock in the center's auditorium at Mission and Forbes Avenues, San Rafael.

The center erroneously announced this and subsequent stories for Tuesday nights in an announcement carried by the Independent-Journal on Tuesday.

The initial film is "The Roots," a Mexican movie. Next Thursday night, the center will show "Our Man in Havana," an English film starring Alec Guinness. On Oct. 26 the film will be "The Wild Cat," a French production starring Fernandel.

One of the world's most unusual art exhibits is the collec- in the Arctic Exhibit on Hill Island in the Thousand Islands. Mat designs representing Eskimo tribal legends are made by Eskimo women chewing on the skins with their teeth.

'LOOK AT THAT KUTE KID!'—It was a krazy kaper when San Rafael High School's Key Club had "K" kut in the back of each initiate's hair yesterday. Pam Conti (left) and Sally Turner seem amused at rear view of Ron Guttman on campus today. Less pleased with the whole proceeding are officials of the high school. (Independent-Journal photos)

Marin Grand Jury Is Winding Up Various Reports

Marin County Grand Jurors met last night to wind up their various reports before they are discharged, probably next month.

Jury Foreman William L. Hughes said last night's reports included those from the health and welfare committee and the schools, library and courthouse committee.

The next regular meeting of the grand jury is set for 7:30 p.m. Oct. 25, followed by a meeting on Nov. 9, which could be the final get-together.

A special meeting is set tentatively for 10 a.m. next Tuesday for the grand jury to hear several criminal cases. They include the killing of a San Quentin Prison inmate during a fight last week and the escape of Galon Warren Van Sandt from the prison on Sept. 30.

New Defense System Is Announced

Ceremonies will be held at 3 p.m. Monday at the 666th Radar Squadron atop Mount Tamalpais to announce installation of a new Army-Air Force air defense called "Birdie."

Birdie translates into Battery Integration and Radar Display Equipment.

It is designed to control and coordinate the fire of Nike Hercules and Nike Ajax missiles in the San Francisco-Travis defense area, according to Col. Theodore G. Bilbo Jr., defense commander for the San Francisco area.

City and county officials are being invited to the ceremonies at which equipment will be shown and a luncheon served.

Colonel Bilbo said the system is designed to increase effectiveness of army air defense by giving the defense commander complete and continuing information and control of an air battle situation in the area.

YOUR VOICE TRAVELS 67 MILES FROM SAN RAFAEL TO SAN JOSE

It's a long distance, but this phone call costs 15% less than Long Distance rates
HERE'S WHY: Although your call from San Rafael to San Jose travels as far as many Long Distance calls, you pay less than Long Distance rates. This call, like most calls to other communities in the Bay Area, is measured in message units. The number of message units depends on how far you call and how long you talk. The message units are combined on your bill instead of each call being itemized. This costs less for bookkeeping, so you pay less for these calls.
If you ever need these calls itemized, for business or any other reason, place them through the Operator as station-to-station calls. The charge will be billed separately at regular long distance rates, without the 15% saving.

DEATH CLAIMS CHICO — Chico Marx, oldest of the Marx Brothers who created a brand of comedy all their own, is shown in costume (left) and in 1958 at his second marriage. He died yesterday at the age of 70. (AP Wirephoto)

Marx Brothers Weep Over News Of Brother Chico's Death At 70

BEVERLY HILLS (UPI)—The Marx Brothers, who gave so much laughter to the world, wept today over the death of brother Chico, a heart-attack victim yesterday at the age of 70.

Chico, the wild piano-playing Italian-dialect member of the zany act, died in his Beverly Hills home with a nurse and his wife, Mary, at his side.

He had been ill since last May, suffering a heart condition which grew considerably more serious in the past four weeks.

As funeral arrangements were being made at Forest Lawn Memorial Park in nearby Glendale the usually glib, sarcastic Groucho was able only to say, "Please, I can't talk about it now." Harpo, who never spoke a word in their act, said quietly, "Everyone will miss Chico."

Though he was the eldest of the five brothers—the others being Gummo and Zeppo—the lively, irreverent Chico was always a cause of concern to the rest of the family.

He was a loner, and the least successful financially. He lived well when he had money, but his great passion was gambling.

Frequently he found himself broke. But never without friends. Chico was the only member of the family who did not attain success on his own. But he was cheerful and entertaining, and perhaps the most beloved of the five Marx Brothers.

During the 1920s the brother act played vaudeville with indifferent success, but Chico was not a member of the troupe. While the other boys were gradually building the act he barnstormed across the country picking up money where and when he could playing the piano.

Frequently he worked for as little as $5 a night.

By the time the Marx Brothers were ready for Broadway Chico joined the company. Their greatest stage hit was "The Cocoanuts," and led to Hollywood movies.

The Marx Brothers became the comedy sensation of the 1930s, starring in the screen version of "The Cocoanuts," "A Night at the Opera," "Animal Crackers" and others.

Today these comedies are considered classics, and can be seen on television from time to time.

Harpo prospered on investments and appearances in movies and television guest shots. Gummo became a businessman and Zeppo a successful theatrical agent. Chico discovered the bleakness of obscurity, with only a rare television appearance.

He was born Leonard Marx on March 22, 1891, in New York City.

Chico is survived by his wife of three years, Mary, and a daughter by a previous marriage, Mrs. Maxine Culhane of New York City.

Funeral services will be held tomorrow morning in the church of the Wee Kirk O' The Heather at Forest Lawn. Entombment will be in a family mausoleum.

Local Bargaining Key To Ford Agreement

DETROIT (AP) — Individual problems at 25 local bargaining units held the key today to resumption by Ford Motor Co. after the agreement yesterday with the United Auto Workers Union on a new three-year national labor contract.

UAW President Walter P. Reuther said he would recommend to the union's Ford National Council this afternoon that the settlement be approved and a nationwide strike which began 10 days ago be ended.

However, strikes will continue at the 25 local units which have unresolved problems, pending a review of all issues by the international executive board tonight.

Reuther said locals with "legitimate specific problems" will be authorized by the board to continue to strike. But he expressed hope such problems would be resolved in time to permit the company to return to production by Monday.

"We'd like to get the men back to work as soon as possible," said Malcolm L. Denise, Ford vice president-labor relations who led the Ford bargaining team. "Monday would be fine with us."

In other union action yesterday the international board ordered a new ratification vote by Local 72 at Kenosha, Wis., on the American Motors profit-sharing contract. The 12,000-member local rejected the pact by 63 votes in a slim turnout Sunday.

The board said it could have ruled the contract ratified since a majority of all AMC workers voting had approved it.

Oroville Dam Construction Under Way

OROVILLE (AP) — Gov. Edmund G. Brown set off a dynamite blast today, starting construction of Oroville Dam, the highest in the country.

"The Oroville Dam will be majestic in size, and monumental in its effect on our future," Brown said in a speech prepared for a luncheon after the ground-breaking ceremony.

The 735-foot high dam will be on the Feather River five miles east of this city in the Sierra foothills, 80 miles northeast of Sacramento.

Scheduled for completion in 1968 it will impound three and one-half million acre feet of water to help feed a 600-mile aqueduct system to carry water south as far as San Diego.

The voters approved a 1.75-billion-dollar bond issue last November to fiance the project. No bonds have yet been sold. Initial work is being financed from a reserve fund build by tidelands oil royalties.

Brown said the project will add 12 billion dollars to Californians' income, and stimulate public and private investment of 34 billion dollars in the next 25 years.

Marin College Board Meeting Set Tonight

College of Marin trustees trustees will consider approval of a contract with the state which would provide a grant of $1,000 to the college's proposed real estate program at the board meeting today at 8 p.m. in room 61, art building, on the campus.

Among other items on the agenda are proposed changes in college policy and administrative manuals, and architectural progress reports on college projects.

W.P. Shouldn't Go To S.P., Expert Says

SAN FRANCISCO (AP) — Harold Koontz, UCLA transportation professor, testified he could not conceive that Southern Pacific would allow Western Pacific under S.P. control very much vigor in competition against S.P.

Koontz, who testified as an expert witness for Santa Fe, was cross-examined yesterday in the Interstate Commerce Commission hearing on competing applications by S.P. and Santa Fe to take over Western Pacific. Santa Fe's bid is backed by W.P. management.

If Santa Fe controlled Western Pacific, Koontz contended, Santa Fe's long term interest would be served by building up traffic over W.P.'s central route between San Francisco and Utah rather than taking short term profits by diverting traffic over its long southern route to Chicago.

Robert McLean, S.P. attorney asked whether Southern Pacific competition with an S.P.-controlled Western Pacific would not be as strong as Santa Fe competition with a Santa Fe-controlled Western Pacific.

"I cannot imagine," Koontz replied, "that the Southern Pacific, as the parent of a wholly owned subsidiary Western Pacific, would allow very much vigor to a child trying to cut its parent's throat."

With S.P. control, Koontz, said, the competition between S.P. and a subsidiary Western Pacific would be direct on closely paralleling lines both to the Utah gateway and the Pacific Northwest.

On the other hand, Koontz contended, the Western Pacific under Santa Fe control would competitive with Southern Pacific over the Utah route.

South Africa Threatens Again To Pull Out Of U.N.

UNITED NATIONS, N.Y. (AP) —Stung by an unprecedented censure from the General Assembly, South African Foreign Minister Eric Louw today awaited instructions from his government amid new speculation the republic may quit the United Nations.

Louw angrily charged that the censure of his policy speech by an overwhelming vote of 67-1 was part of a prearranged campaign by African nations to smear his government.

"We had been forewarned this would happen," Louw declared after a parade of African delegates denounced his speech as insulting to their governments and the African people.

African delegates were infuriated by Louw's charge that many of the African governments were attacking his government to divert attention from appalling economic conditions and illiteracy in their own countries. The Africans also resented his announcement that South Africa would continue its policy of apartheid —strict race segregation—despite the U.N.'s disapproval.

South Africa walked out of the General Assembly six years ago when its white supremacist policies were censured. It has threatened to pull out of the U.N. altogether if pushed too far.

Man Jailed For Beating 2 Reporters

McCOMB, Miss. (UPI)—Police arrested a husky workman last night and charged him with dragging two reporters from a car and beating them as they drove alongside Negro anti-segregation marchers.

Officers said the white man, Carl Hayes, 28,, admitted the attack but claimed the reporters' car almost ran him down.

FBI agents also were investigating to determine if any federal laws were violated in the attack which occurred before about a dozen white spectators, one of them a woman who yelled, "Beat the hell out of them!"

The newsmen identified themselves as Paul Potter, 22, of Philadelphia, and Tom Hayden, 21, of Atlanta.

They were driving alongside a band of 57 Negro youths who were marching to a Masonic temple for a meeting.

When they stopped at a traffic light Hayes yanked open the right front door, pulled Potter from the car and struck. Hayes then reached across the front seat and pulled Hayden down from under the steering wheel and knocked him down.

Governor Ponders Commute Request

LOS ANGELES (AP) — Gov. Edmund G. Brown today pondered a request that he commute the death penalty of David Allan Combes, 31, who shot down a school teacher manning a roadblock as an auxiliary deputy.

Combes is scheduled to die in the San Quentin gas chamber Oct. 18 for the slaying of Bryce Patten, 27, of Ventura on Aug. 19, 1960.

Brown held a 45-minute clemency hearing yesterday. He said he will announce his decision tomorrow from Sacramento.

War Declared On 'Tracts' In County

By RANDALL GOULD

War on the old style of deadly-monotonous "tract-house" subdivision has been declared in Marin County.

General in charge of the campaign is Principal Planner David Van Pelt of the Marin County Planning Commission staff.

He wasn't drafted; he volunteered. The commission was prompt in concluding he had good chances of success and he was given a mandate to open fire at will.

Van Pelt arose as commissioners were about to complete hearings this week and said he had grown to feel doubts as to the adequacy of much planning in single-family-dwelling subdivisions.

"A lot of new ideas are stirring," he said. He cited as evidence a pamphlet just issued by the Santa Clara County Planning Department entitled "The Common Green—a Design for Living Important to the Homebuyer, Developer and Community Leader."

This publication, said Van Pelt as he handed out copies, contained ideas worth consideration in Marin County. It advises the homebuyer to steer away from "bandbox backyards," use of streets for playgrounds, and the dreary monotony of the gridiron street pattern with uniform setback regulations lining up houses "like wooden soldiers on parade."

Instead, said the pamphlet, there should be provision of ample open space through planning, which would give not only small private gardens for quiet intimate activities but also larger parklike "common greens" shared by many homes and giving space for leisurely strolls or informal play by children.

Such common greens can allow children to congregate and play safely, ran the argument. Protected paths could lead to school, neighborhood park and store.

Variety could be provided through curving streets offering changing vistas, with loops and culs-de-sac reducing dangerous four-way intersections and discouraging speedsters.

"Houses are clustered in interesting, unregimented patterns about the common green," it was explained.

Van Pelt said this kind of thinking means that "we can do better for the community," though he conceded that advanced ideas must be approached with some caution, taking into consideration such factors as the conservative attitude of lending capital.

Members of the commission were interested but inclined to raise a few questions, such as: "Could this be a means of increasing density?"

That, said Van Pelt, is up to the planners. As applied to single-family residences characteristic of most of present Marin County, the "common green" need not cause any change in density; but each home can afford to contribute a small part of its total land for the general interest.

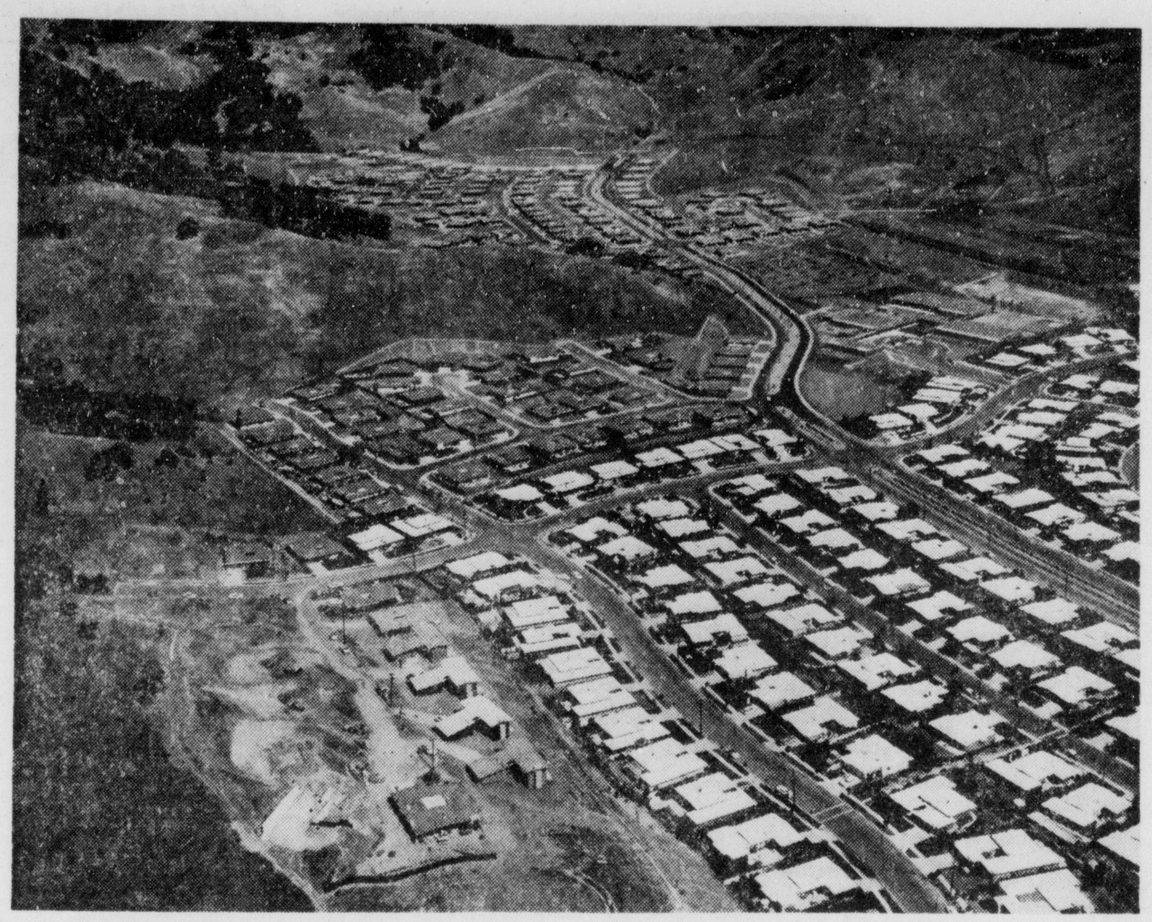
This is especially the case when policies of variation are carried out intelligently, said he. Houses should differ in appearance, and be laid out in interesting varied patterns rather than regimented rows.

"Where are we going with endless tracts?" asked Van Pelt. "They are just a bunch of monotonous lots, none big enough, whereas, with imaginative planning there can be a pooling of parts of each lot to provide large open spaces along with wide choice in housing types and living pattern."

Other advantages, he said, include minimum yard maintenance as part of a generally more luxurious life.

Education and promotion of the basic "common green" idea are needed, said Van Pelt. Marin already has some imaginative developers who need only encouragement and advice, he declared.

"This will present problems," Van Pelt told the commission, "but we are ready to take them on. I believe we can serve our community better than has been the case."



BEST USE OF LAND—This aerial view, taken by Independent-Journal photographer Joe DeNaire from a Bell helicopter, shows new subdivision in Lucas Valley—similar when seen from air to many others in Marin, with uniform lots and setback lines, although streets curve in some places because of typography. Principal Planner David Van Pelt of the county planning staff has launched an attack on such "tract-house" development, proposing that each lot "give a little" to create greenbelts that would do away with monotony.

2 San Quentin Cases Due Grand Jury

Two San Quentin Prison cases—the killing of an inmate on Oct. 3 and the escape of Galon Warren Van Sandt on Sept. 30—will be presented to the Marin County Grand Jury, Dist. Atty. Roger P. Garety announced today.

The district attorney said he is asking for a spceial meeting of the grand jury, possibly the first part of next week, to hear witnesses on the two cases.

Richard M. Rios, 37, Orange County auto thief, died from a bludgeoning in the prison yard after a gang fight.

Garety said there are about six inmates suspected of taking part in the brawl which killed Rios. He hopes that witnesses who appear before the grand jury will help pinpoint just who was responsible for the fatal beating.

The second case involves Van Sandt, 39, a Stanislaus County auto thief, who went AWOL from San Quentin for two days before he was captured in a chicken coop in Redwood City on Oct. 2. Accused of conspiracy to aid the escape are Alvin Bud Thompson Sr. of Redwood City, where the chicken coop was located; his son Alvin Thompson Jr., serving time in San Quentin for car theft; and Thompson Jr.'s wife, Frances, 21.

Rep. Miller Planning Meetings In Marin

Rep. Clem Miller (D-Corte Madera) plans several Marin County meetings in the course of travels through his First Congressional District during the next 10 days.

He was to inspect flood control problems on Las Gallinas Creek north of San Rafael this afternoon with Marin County officials and representatives of the Army Corps of Engineers.

He will meet with Marin County Senior Citizens at the Kent School in Kentfield at 1:30 p.m. Saturday.

A reception in Miller's honor will be given at the John Novak home in Novato from 3 to 5 p.m. Sunday.

Miller is to address the San Rafael Rotary Club at a Monday luncheon meeting at Dominic's Harbor Restaurant. Monday night he will meet with the Marin County Coordinating Council of the California Teachers Assn.

He will address a joint lunch meeting of the Kentfield, Larkspur and San Anselmo Lions Clubs at the Ranch House in San Anselmo Tuesday. That afternoon he will visit Hamilton Air Force Base and at 8:15 p.m. will speak at a joint meeting of the Twin Cities and Wilkins American Legion Posts at the F.F.W. Hall in Santa Venetia.

Last Marin appearance of a seven-county tour will be the morning of Oct. 19 when he will accompany the House public works committee on an inspection of the San Francisco Bay Model at Sausalito.

Junior Horsemen Trail Ride Slated

Junior members of the Southern Marin Horsemen's Assn. will stage an overnight trail ride to Lake Lagunitas on Saturday and Sunday, it was announced today.

Riders will leave the association's ring at Mill Valley on Saturday at 9:30 a.m. and will follow the Alto firebreak trail. On Sunday, senior members and parents of junior riders will join the group at Lake Lagunitas for a chicken barbecue. Further information may be obtained through Leslie Maxwell, chairman, of 338 Laurel Way in Mill Valley.

Colorful Good Will Priest Dies

YOSEMITE NATIONAL PARK (AP)—A colorful and vigorous Catholic prelate, the Rt. Rev. Msgr. Egisto Tozzi, 79, who won honors for building good will between his native Italy and the United States, died yesterday of a heart attack in Yosemite National Park.

Since 1940 he had been pastor of All Souls Church, South San Francisco, where in 1954, when he was 72, he dashed into the church during a fire and carried out valuable records in a pillow case.

(Msgr. Tozzi served as assistant pastor of St. Raphael's Church in San Rafael in 1912-14, and was an assistant at the Church of the Assumption in Tomales in 1918-19.)

In 1939, while pastor of St. Paul's, San Pablo, he ran out with shotgun blazing and dispersed three Christmas revelers trying to break into the church.

Before that, he served in churches at Cloverdale and Manteca.

He was a fencer, wrestler, boxer, was adept at handball and loved to recall the time he had dinner with John L. Sullivan.

Msgr. Tozzi took part in the conclave which elected Pope Pius XII and the Pope later appointed him papal chamberlain. He was awarded the Star of Solidarity by the Italian government for his good will accomplishments.

Babies Costly

NEW YORK (UPI) — The average parent will spend about $500 on furnishings, clothing and other basic items for each of the 400,000 new babies to be born in 1961, according to Chain Store Age. And this figure excludes medicines, vitamins, food and medical expenses.

New World's Altitude Mark Set By Flight Of The X-15

Windshield Is Cracked On Re-Entry

EDWARDS AIR FORCE BASE, (AP) — In the most dangerous X-15 flight yet, a pilot set a world's record for going up—to prove this important point about coming down:

That an astronaut doesn't have to ride back to earth as a prisoner in a falling capsule—but can fly safely through the earth's atmosphere in a winged craft and land where he wishes.

Air Force Maj. Bob White yesterday set a new world's altitude record for winged flight, 40 miles, and then made a belly-flopping re-entry into the atmosphere which cracked the windshield of the rocket plane.

The plane dropped spread-eagle into the atmosphere the way a diver belly-flops into a swimming pool. The stress and friction heat would have torn a conventional plane apart.

The method spreads the heat of re-entry over a large area of the plane. Yesterday's successful flight proved techniques which may be used in re-entries on future Dyna-Soar and Apollo manned orbital flights in winged rocket craft, scientists said.

White said the windshield broke as the plane hit the thickening atmosphere at 60,000 or 70,000 feet. He said the crack, on the outer glass panel of the X-15's surface reached 900 degrees—300 under the maximum the X-15 was designed to withstand.

White reached an altitude of 215,000 feet — more than eight miles higher than the previous X-15 record, 169,600 feet. His top speed was 3,477 miles an hour, under the X-15's previous record of 3,645.

Paul Bikle, director of the National Aeronautics and Space Administration's space center here, said that the next X-15 flight, within the next few weeks, will seek a new speed record: 3,700 or 3,800 mph.

White will make this flight, too, Bikle said.

For Worth Now Has Swift Justice

FORT WORTH, Tex. (UPI) — The shady segment of Fort Worth society can now be whisked off to jail at a speed of 350 feet per minute.

Westinghouse Electric Corp. says that's the speed of its special elevators being installed in the new criminal courts and jail building here. The elevators are also equipped with an emergency return and intercom system in the event of trouble with unruly passengers.

Jack Paar Signs New NBC Contract

NEW YORK (AP)—Jack Paar, one of television's most controversial personalities, has signed a new contract with the National Broadcasting Co. There had been numerous hints from Paar himself that he wanted to leave the show.

In announcing the new contract today, NBC said Paar would continue with his current nighttime show until March 30. Then, next fall, he will begin a weekly series of programs to be aired in the prime evening hours.

Paar had said he wanted to leave the show at the end of the year, pointing out the amount of work involved in performing four nights a week from 11:15 p.m. until 1 a.m. His old contract would have lasted until next fall.

"The new program will be live and in color," NBC's announcement said. "Its format will be comparable to the present 'Jack Paar Show,' with big-name guest attractions."

The network program emceed by Paar will be continued with someone else, to be named later, as host.

NBC did not say how long the contract would run and gave no indication of its financial terms.

In 1917 the United States produced a million bushels of soybeans. This year output approaches 600 million bushels. Largest soy growing states are Illinois, Iowa, Indiana, Missouri and Minnesota.

STEW FOR MOUNTAIN FAIR

Margaret Hardy, Muir Woods Improvement Assn. president, is shown preparing mountain stew, the specialty of the house at the Mountain Fair on Saturday and Sunday on the Muir Woods slope of Mount Tamalpais. The two-day fair, scheduled from 11 a.m. to 8 p.m. both days, will feature arts and crafts exhibits, plant sales, concession games, music and entertainment. Dinner will be served both days beginning at 5:30 p.m.

GOVERNOR MIFFED

Stanislaus Assembly Election Demanded

SACRAMENTO (CNS)—Some Stanislaus County folks apparently are upset with Gov. Edmund G. Brown, and he apparently is upset with them.

It has to do with his failure to call a special election to fill the vacancy in the legislature created by the resignation of Assembly Speaker Ralph M. Brown (D-Modesto). Brown resigned to accept appointment to the district court of appeal.

The governor's policy has been to call special elections to fill seats in the legislature if a general election was distant, and the board of supervisors asked for one. Brown has said he would be reluctant to force an election on a district, against local sentiments, because of the costs.

The board of supervisors of Stanislaus County sent Brown a telegram asking for the election on Sept. 19—the day after Brown resigned. When no action was forthcoming, the board adopted a strongly worded resolution a week later demanding a special election.

Still no action came from Sacramento.

One member of the board, acting as a private citizen, Joe Domecq, of Hughson, has filed a petition for a writ of mandate in superior court. Superior Judge Robert Fowler ordered that, if the election is not called by Oct. 24, Brown or one of his representatives must appear in court to show cause why the election should not be called.

In Sacramento, it's understood Governor Brown had intended to call the special election in his own time. However, now that the court action has been filed, he's understood to be miffed and will delay calling the election, just to prove the court action didn't force him into it.

BASHIR AHMAD
Trip to the States

Will Bashir Drink Liquor In America?

By ZAMIR SIDDIQI

KARACHI, Pakistan (AP) — Bashir Ahmad has sworn on the Koran before his wife and four children that he will not look at another woman during his visit to the United States.

But the 44-year-old camel cart driver is having trouble convincing other jealous members of his clan that he won't go astray on the trip he is making at the invitation of Vice President Lyndon B. Johnson. And his good fortune has aroused considerable jealousy among his associates.

Armed police have been posted outside Bashir's hut since he reported receiving death threats.

Bashir is all set to leave by plane Saturday, but his relatives think he will come home with the big head. They fear that in the foreign land he will eat pork and ham and drink intoxicating liquor—all forbidden to Moslems. They threaten to ostracize him on his return.

Bashir's three sons and his daughter are excited about his journey—but not his wife. She's afraid he will marry an American.

"What will happen to my four children and who will support me and feed them if he brings a wife back with him?" she moaned.

So Bashir took an oath that he would remain faithful and he promised his children he would bring back a cap and a pair of shoes for each of them as a present.

Johnson noticed the gray-haired camel cart driver on the roadside during his visit to Karachi in May. Johnson suggested Bashir visit the United States and a Pakistani newspaper seized on the idea. A group of American businessmen agreed to finance the trip under the people-to-people program.

Board Authorizes Work On Sewer

The Las Gallinas Valley Sanitary District board has authorized the district's engineer, J. Warren Nute, to start work preliminary to extending the sewer discharge point from a present outlet in Gallinas Creek to a point in Richardson Bay.

The channel extension job, expected to cost about $17,000, is being undertaken in compliance with orders of the Regional Water Pollution Control Board. Nute was told to start drawing descriptions and purchasing rights of way.

The board also employed Milo Le Fever of San Anselmo as a third maintenance man at the district plant, at $400 monthly.

Crashed, Injured Pilot Rescued From Peak In Utah

ALPINE, Utah (AP) — A pilot who huddled four days near the wreckage of his plane with a broken hip was rescued in subfreezing temperatures early today from a snow-covered mountainside.

Rescue crews slogged through three miles of knee-deep snow to bring out Joel T. Honey, 52, of Needles, Calif., pilot of a single-engine craft that slammed into rugged Mt. Timpanogoes in central Utah Saturday.

The crash killed William Royal, also of Needles.

When rescuers got to Honey, they heard an amazing story of a man crawling around in snowstorms with a broken hip in order to keep alive.

At times Honey said he heard search planes flying overhead, but he couldn't attract their attention. He crawled painfully from the smashed plane to soak rags with gasoline and tie them on sticks to be used as flares.

He even packed snowballs in the hope he could roll them down the slope below to attract attention.

A search plane finally spotted a blinking searchlight in the wreckage.

Honey joked and occasionally winced while rescuers carried him to safety on a stretcher. He was taken to a hospital.

Honey said he was unconscious for almost 45 minutes after the crash. He came to and found his companion dead.

Honey told his rescuers he remembered Royal had become frightened as the plane dipped and swerved through the overcast mountains Saturday, hunting an opening into clear sky.

Honey said Royal made a grab for the control stick and, moments later, the plane plunged into a stand of trees on the mountain.

The crash occurred at the 8,500-foot level of the 12,000-foot mountain.

Scarbeck Taped Admission Heard By Judge Privately

WASHINGTON (UPI) — A tape recording of Irvin S. Scarbeck's admissions to a State Department security officer about dealings with Polish agents was played privately today for federal Judge Leonard P. Walsh.

The judge heard the recording in his chambers instead of resuming the trial in the courtroom as scheduled.

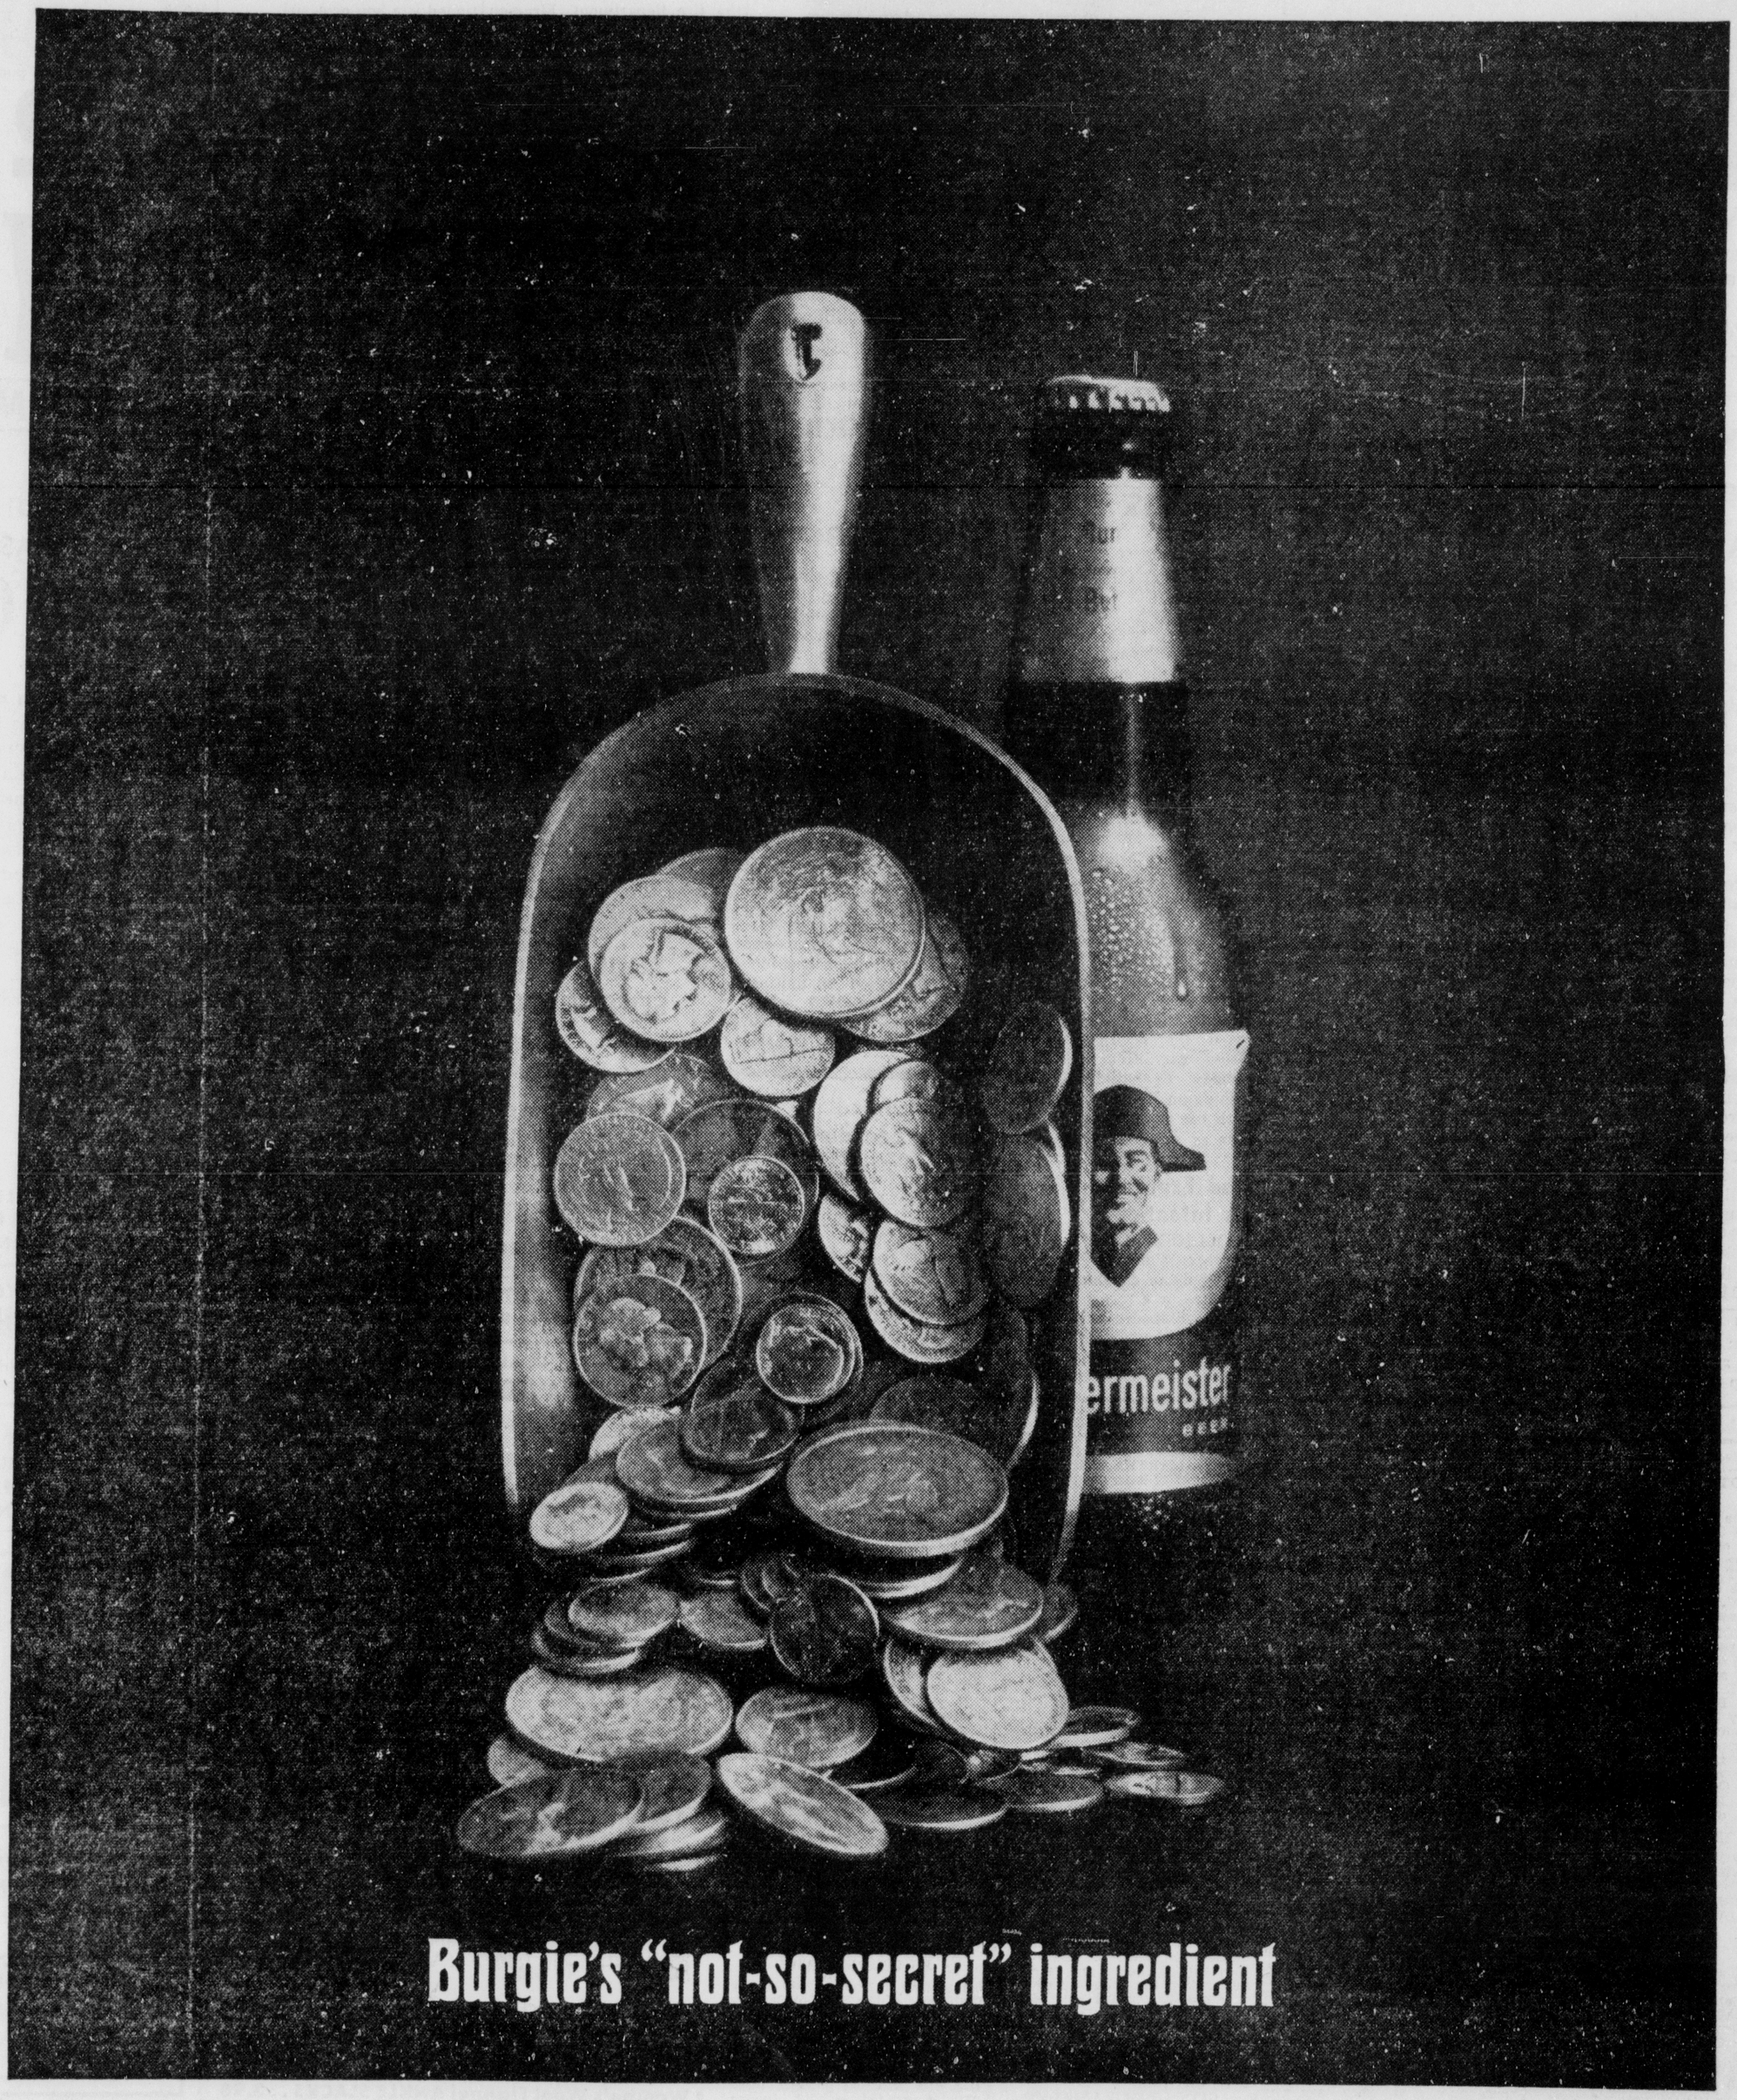
Scarbeck, former U.S. diplomat accused of passing American secrets to Polish Communists, was in the audience along with government and defense attorneys.

The existence of the tape was disclosed yesterday and Scarbeck's lawyer demanded a copy for possible use in attacking testimony of government witnesses.

The prosecution is trying to introduce this confession into evidence and the defense is trying to prevent them from being heard by the jury.

Shangri-la Duty

Serving aboard the attack aircraft carrier Shangri-La in the Gulf of Mexico is Tom Lee, Navy aviation boatswain's mate third class, son of Mr. and Mrs. John A. Lee of 2063 Feliz Road, Novato. The Shangri-La is based at Mayport, Fla.



How can it be secret? Every brewer knows. There are two different ways to make beer light. One way is to cut down on the amount of hops, grain, or malt. And instead, add a little more water. The Burgie way is to brew the beer to be light naturally. *And to do this, Burgermeister spends almost twice as much for the one choice grain that makes beer naturally light.* You can taste the difference in today's Burgie. Light. But not watery. Refreshing. But not wishy-washy. It costs us more money, but that's the way it has to be. A beer that is brewed for refreshing people has to be brewed exactly right. And Burgie is. Try one.

NEW $800,000 HOME FOR WATER DISTRICT

Marin Municipal Water District officials have just set a target date of April 4, two weeks later than earlier hoped, for completion of the district's $800,000 headquarters building in Fifer Industrial Park, Corte Madera. Zoellner Construction Co. of Ross has now progressed to where the 100-room single-story structure closely resembles the original sketch prepared by architects Crawford and Banning of San Rafael. On a 3¼-acre site, the building will have 100,000 square feet of floor space. (Independent-Journal photo)

Youngster Is Questioned In Connection With Fire

San Rafael police were questioning a youngster today in connection with a mystery fire which burned in a bathroom of a San Rafael home about 9 a.m. today.

Flames scorched the bathroom floor and cabinet at 20 Mira Flores Avenue. Firemen said the home is occupied by a Mrs. C. McNulty and her children. They were not at home at the time.

Neighbors saw smoke pouring from the home and called the fire department. Firemen estimated the damage may run to several hundred dollars. Assistant Fire Chief Francis Rodgers, who led two fire trucks to the scene, said the men had the fire extinguished in about two minutes.

Firemen found a pillow burning on the floor of the bathroom. Police were trying to determine how the pillow happened to be in the bathroom and what had ignited it.

Police declined to say whether the youngster being questioned is a boy or a girl.

Deer Hunter Was Brother

Robert W. Davison, 25, of Stinson Beach was the hunter convicted Monday in Marin Municipal Court of possessing illegal deer meat, fined $125 and forbidden to do any more hunting this year or next.

The Independent-Journal on Tuesday by error named Richard Davison, 22.

Stinson Beach residents are raising funds to finance a heart operation for Richard Davison, who will enter a hospital in San Francisco next Monday, said Mrs. John Patterson, a member of the fund-raising group.

School Demonstration Set On Bicycle Safety

Mill Valley Police and California Highway Patrolmen will demonstrate bicycle safety to Old Mill School pupils at 10 a.m. Oct. 25.

The demonstration will culminate a poster-slogan-essay competition by the pupils. Trying for prizes, Principal William Lovvorn said, are kindergartners and first graders doing posters; second and third graders writing slogans, and fourth, fifth and sixth graders writing essays, all on bicycle safety. Contests will be graded by police, members of the Parent-Teacher Assn., and the school staff.

Travis Air Base Buildup Is Announced

TRAVIS AFB (UPI) — Travis Air Force Base will begin an immediate personnel buildup expected to increase its annual payroll by more than 50 million dollars, it was announced today.

Brig. Gen. James W. Chapman, commander of the 1501st Air Transport Wing, said in addition to an increase of 1,300 in personnel, a new transport squadron will be added to the Military Air Transportation Service (MATS) strategis airlift force.

The added personnel will be mostly civilian employees in the fields of maintenance, civil engineering and transportation. The new MATS squadron will be called the 44th Air Transport Squadron.

A Boeing C-135 Stratolifter will be added to the base giving Travis a 600-mile-an-hour carrier that can be flown nonstop across the Pacific.

Airmen and officers will also be added in the buildup, Chapman said.

It will increase personnel at the Solano County base to more than 14,000 and hike purchase of supplies in the Bay Area by one million dollars a year to about 11.5 million dollars.

Total insurance premiums paid in 1960 in the United States approximated $32 billion, up $1.4 billion over 1959.

Kennedy Sees No Easy East-West Solutions

Continued from page 1

time consultant to the Pentagon on guerrilla warfare.

It was the chief executive's 16th news conference in Washington, the first in nearly a month and a half and the first opened to televising as it happened since March.

Declaring "we move through a period of maximum hazard," Kennedy ticked off steps his administration has taken in an effort to build up the country's nuclear and conventional forces. That buildup has dashed hope for a tax cut next year, he said. The government still aims for a balanced budget—an aim he said is threatened only by further demands for defense spending.

Kennedy made no promise against a tax increase but said he wouldn't want to saddle the country with a tax burden that would strangle its economic resources.

Asked if he was disturbed by Republican criticism of his foreign policy — criticism in which former Dwight D. Eisenhower has participated — Kennedy said "everyone is free to make any attacks they want."

In other fields, Kennedy took these positions:

Nuclear Tests—The U.S. pattern of keeping its tests below ground, without spreading dangerous radioactive particles in the atmosphere, is consistent with its security interests. He did not, however, rule out the possibility of some day firing test shots in the atmosphere.

Shelters—By mid-November, the government hopes to suggest measures every homeowner could take to furnish some protection against radioactive fallout.

Speaker — It would be unwise for anyone outside the House—this would include him—to suggest a preference if it becomes necessary to elect a successor to Speaker Sam Rayburn.

Foreign Aid — The United States is not using aid as a weapon to force needy countries to adopt its policies."

Discrimination — He approved the decision of his brother, Atty. Gen. Robert F. Kennedy, to withdraw from Washington Metropolitan Club, which has a policy against Negroes as members or guests.

Grad Expresses His Intentions

COLUMBUS, Ohio (AP)—Some long-term planning is evident in a reply to an alumni questionnaire by a recent graduate of Ohio State University.

Asked whether he is married, the grad replied "no." He added, "Watch this space."

West Marin Inclusion Is Opposed

Bolinas-Stinson Beach School District trustees last night passed unanimously a resolution opposing inclusion of the neighboring West Marin School District in a unified Tomales district.

Stinson Beach and Bolinas would like to join West Marin to get a new high school in the Olema-Point Reyes Station area, said Arthur E. Carpenter, chairman of the Bolinas-Stinson board.

Unification of Tomales Joint Union High School District and seven elementary school districts within its boundaries in Marin and Sonoma counties—including West Marin—has been approved by school district organization committees of both counties. High school students from the West Marin District now attend Tomales High.

Huge Railroad Lumber Spending

NEW YORK (UPI)—U.S. railroads spent $51,284,000 just on purchases of wooden cross ties in 1960. This compared with $43,761,000 in 1959, according to a report from the American Forest Products Industries.

A total of $96,553,000 was spent by the railroads on lumber in 1960 compared with $92,612,000 in the preceding year.

Mounted Sheriff's Posse Adds 2 Trophies To List

The Marin County Mounted Sheriff's Posse's color guard has added two more trophies to its list of winners, Posse Capt. Raymond H. Shone has announced.

The color guard took first in the Daly City 50th anniversary parade last Saturday and a first in the football festival parade held in Berkeley recently.

Riding in both prize-winning units were Captain Shone, Lt. Neville Chillson, Lt. R. D. Howell, and Art Azevedo. Frank Monte also rode in the Berkeley parade.

Earlier this year, the Marin Posse parade group won first places at the West Marin Livestock Show in Point Reyes Station, and the Novato Western Weekend.

Shone announced that all trophies would be presented to Sheriff Louis P. Mountanous in appreciation of the sheriff's leadership and interest in the mounted posse.

The Mounted Sheriff's Posse color guard will participate in the grand entry at the Grand National Livestock Show at the Cow Palace on Oct. 27.

A few sharks inhabit tropical fresh-water lakes and rivers.

THIS RECIPE REALLY IS A BELL RINGER

MIAMI, Fla. (AP) — Here's a recipe for baked telephone:

Take one young husband on his way to work, add one white phone, mix in a little consideration for a wife who had been up with the baby all night.

Frank Fraser didn't want the phone to bother his wife, Babette, so he put it in the oven before leaving for work.

Later, Mrs. Fraser turned on the oven to preheat it.

When she started to put in a dish, she discovered one melted telephone.

Channel Group Seeking To Form District

An assessment district was proposed last night by Sausalito Channel Committee members as a means of providing a 200-foot-wide channel in Richardson Bay in place of the 40-foot "pilot channel" proposed by Mill Valley.

The committee, meeting in Mill Valley City Hall, voted to ask the board of supervisors to request County Counsel E. Warren Maguire to investigate procedures for setting up an assessment district.

The committee will meet again next Thursday night, chairman George C. Goheen said.

Mill Valley has obtained a $300,000 state loan to aid in the construction of its proposed 126-berth small craft harbor.

Two other proposals, aside from an assessment district, were discussed and discarded. One was swapping of underwater land by property owners for underwater street property. This would present too many legal difficulties, the committee felt. A second idea was that property owners might pledge certain amounts of money to finance the channel widening. Goheen said the committee believed this would be "almost impossible" and "to long a process."

Both John B. Ehlen, Sausalito city attorney, and Leland H. Jordan, Mill Valley city attorney, were present in addition to Maguire, property owners, and their attorneys in the group of 20 people.

San Geronimo CD Meeting Big Success

The people of San Geronimo Valley take civilian defense a lot more seriously than do those of San Francisco.

On Tuesday night, San Francisco held its first public meeting on building home fallout shelters. Only 18 persons of San Francisco's three-quarter-million population attended.

The same night, the Lagunitas School Parent-Teacher Assn. held the first of a series of civil defense workshop sessions. Eighty-two people showed up at Lagunitas School to hear talks by Sheriff Louis P. Mountanos and School Supt. Clifford L. Frye.

"We were very gratified," said Mrs. Douglas Joslin, P-TA civil defense chairman. "We hope we'll have even more people next Tuesday at 8 p.m. to hear a talk on fallout shelters by Ward H. Austin."

Terra Linda Cubs Holding Meeting

Cub Scout Pack 67 of Terra Linda will hold its first meeting of the season at 7:30 p.m. Tuesday in Bernard Hoffman School.

New bobcats will be admitted at the meeting of the pack, which is sponsored by the Hoffman School Parents Club with Warner Morgan as scoutmaster.

Joint Meetings Of Legion Slated

Joint meetings will be held Oct. 23 and Nov. 13 by the Mill Valley and San Anselmo American Legion posts, F. W. Mosher Jr., Mill Valley first vice commander, said today.

Dr. Carrie Chapman, rehabilitation specialist at Oak Knoll Naval Hospital, Oakland, will speak on rehabilitation of handicapped veterans at 8 p.m. Oct. 23 at the Legion Hall in Mill Valley.

Rep. Clem Miller (D-Corte Madera) will speak on current legislation at the meeting at San Anselmo Legion Log Cabin at 8 p.m. Nov. 13.

Mosher said the Mill Valley post will sponsor a Veterans Day dance jointly with Muir Woods Post 6741, Veterans of Foreign Wars, at 8 p.m. Nov. 11 at the Mill Valley Legion Hall.

Junior Music Club To Hear Winners

Two Marin Music Chest scholarship winners for 1961 will make guest appearances at the Marin Junior Music Club's first meeting of the year Saturday at 1 p.m. in Olney Hall of College of Marin.

Mary Hall of Kentfield and Kathleen Winslow of Tiburon, winners of two of five scholarships awarded by the Music Chest this year, will perform following the club's business meeting.

Registration of this year's members will be conducted at the meeting, according to new president Jane Huffman of Corte Madera. Other officers for the year are Randle Thompson, vice president; Cheryl Christensen, secretary, and Karen Kraft, treasurer. The club meets the second Saturday of each month at Olney Hall.

Foreign Trade Supporting Yanks

NEW YORK (UPI)—The Rockefeller Brothers Fund estimates that at least 4.5 million Americans are directly dependent upon foreign trade for their livelihoods while another 15 million U.S. jobs depend on raw materials imported from other countries.

This means one of every four Americans depends wholly or in part upon foreign trade for his job, the fund concludes.

Novato Fire Prevention Week Poster Winners Announced

Seventeen school winners in Novato's Fire Prevention Week poster contest were announced today by the Novato Fire District and the North Marin Assn. of Insurance Agents, co-sponsors. The contest included all schools in the Novato Unified and San Jose districts and Our Lady of Loretto School in Novato.

Winners in the high school category were Andrina Ruzick, $15 first prize; second Joan Fisher, $10; third Norene Jordan, $5.

Intermediate school winners included Kathy Wollam, first, $15; Dick Otis second, $10; Marilyn Benaski third, $5, and Nancy Pimentel fourth, $2.50.

Elementary schools included 10 winners as follows: Leslee Giannini of Marion School, first, $10; Lowell Carpenter of Lady of Loretto School, second, $7.50; Lyn Elkin of Lu Sutton School, third, $5; Bruce Edwards of Marion School, fourth, $2.50; and $1 each for fifth through tenth place as follows: Michael Gerkr of Lady of Loretto School, Sheryl Lewis of Lu Sutton School, Gail Guiliano of Lady of Loretto School, Patricia Talbot of West Novato School, John Milliken of Marion School and Bob Cooper of Marion School.

Water District Awards Contract

A $41,915 contract was awarded by the Marin Municipal Water District board yesterday to Underground Construction Co. of Oakland for Section 2 of the Marinwood-Hamilton Air Base Line installation, covering 6,200 feet of mostly 18-inch pipe. The Oakland firm was lowest of six bidders.

Among other awards was one to Smith-Blair Inc. of South San Francisco for $3,410.01 for service clamps, and one to Federal Pipe and Supply Co. of San Francisco for $1,973.11 for 4,000 galvanized fittings.

Between January, 1861, and December, 1865, the Springfield (Mass.) Armory produced 793,434 muskets.

Master Plan Adopted For Bolinas School

Bolinas-Stinson Union School District trustees last night unanimously adopted a master plan for future expansion of the Bolinas School site.

It envisions a wing of five classrooms, plus a multi-purpose room for auditorium purposes, built to the rear of the present three-classroom building. The two units would be joined by a covered walkway, Chairman Arthur E. Carpenter said.

The plan, designed by San Francisco architect George Quesada, would create a kindergarten through eighth grad school with one classroom to each grade. It would increas the present three-acre site to approximately 10 acres. It would also include a parking area, a baseball diamond and landscaping.

Crpenter stressed that the plan shows what direction the district would like to go when the need arises. He said it is in accord with the Marin County Master Plan.

A copy of the master plan, bound in book form, is available at Bolinas School for people to inspect, Carpenter said.

Trustees also voted to ask for bids on replacement of tw restrooms at the Bolinas School.

They held a closed session at the end of the meeting to discuss a personnel matter. Carpenter declined to say whether it concerned hiring, firing or bringing charges.

MARIN FIRE CALLS

YESTERDAY:

10:46 p.m., Santa Venetia — Smoke report by resident of Sunny Oaks Drive; turned out to be dust from local construction job.

TODAY:

3:47 a.m., Marinwood—Fire in auto owned by Charles Hedderg of 20 Rhinestone Terrace; cause and damage undetermined.

6:05 a.m., Olema—False alarm of tree fire at Sir Francis Drake Boulevard and Highway 1.

7:46 a.m., San Anselmo—Washdown at Mountain View Avenue and Beverly Way to clear street of diesel oil; cause undetermined.

7:52 a.m., Point Reyes—Smoking heater at home of William Staser on Highway 1 caused scorched wall; damage $10.

TODAY:

9:20 a.m., Corte Madera—Small cement mixer backfired and engine caught fire in front of 114 Palm Avenue; no damage.

High Above . . .

ITHACA, N. Y. (UPI)—Cayuga Lake was named after an Indian tribe which was one of the members of the storied Iroquois Confederacy.

The Cayugas referred to themselves as "Guy-y-gweh-o-no," or "the people of the muckland," a reference to the marshlands at either end of the narrow lake. But the Iroquois name for the lake was "Tiohero" or "clear water."

VEHICLE FOR RIDE INTO SPACE

This 41-foot model space laboratory, designed to carry a team of scientists into orbit 350 miles above the earth, went on display today in New York's Museum of Natural History. The aluminum cylinder is as large as a four-room house. Life-size mannequins wear pressure suits and helmets. At right is full-scale model of Mercury capsule. (AP Wirephoto)

Tower Apartment Bid Refused In Sausalito

A height limit variance to permit a tower apartment building in Buena Vista Heights was refused last night by the Sausalito Planning Commission.

Perego, Harney and Teague, Inc., of San Francisco sought permission for a nine-story apartment building. Chairman Paul Hinton of the planning commission said the firm had not shown that "there is something different about this lot to justify departure from the 32-foot height limit" prescribed by Sausalito city ordinance.

Jackson B. Perego indicated he would appeal the denial to the city council. He said the council in 1958 adopted a resolution that permitted the tower apartment. The developers also have plans for two other nine-story apartment buildings as well as duplexes and single family residences.

In other action in a meeting which lasted until 2:15 a.m., commissioners approved a tentative map for F. Bruce Bernhard, who is a planning commissioner, to allow him to build 90 apartment units in two and three-story heights on his land in the Rodeo Avenue area.

Homestead Club Meeting Oct. 24

Amendments to Homestead Valley Improvement Club's constitution will be discussed at a membership meeting at 8:15 p.m. Oct. 24 at Brown's Hall.

A report on the proposed merger of the Homestead Valley and Tamalpais Valley fire departments is scheduled for the club's Nov. 14 meeting.

Mrs. Don Hicks has been appointed treasurer to replace Steve Hegarty. Gregory McCaughan is chairman of the committee to nominate officers for 1962.

Retrial Bid Lost By Drunken Driver

A Forest Knolls woman, who charged that she was not permitted to make a telephone call when arrested for drunken driving last July, lost her bid for a new trial yesterday in Marin Municipal Court.

Judge Harold J. Haley ruled that Roberta Mary Thompson, 41, was not denied due process of law. She will be sentenced for drunken driving next Wednesday.

Mrs. Thompson was convicted of drunken driving last August. After the conviction, she hired William O. Weissich as her lawyer. Weissich moved for a new trial, contending she had been denied due process of law.

Deputy Dist. Atty. Hadden Roth argued that her rights had not been infringed upon. He brought in jailer Newall Snyder, who testified that he had Mrs. Thompson placed in a padded cell because she caused a commotion.

Larkspur Going Ahead With Recreation Plans

Despite discouraging information from Rep. Clem Miller (D-Corte Madera) and Oliver Everett, federal housing administration official, the Larkspur Recreation Commission will go ahead with plans for possible purchase of land for recreational use.

The commission, after hearing from Miller and Everett, regional assistant director for special programs, at an open meeting last night, agreed to go ahead with negotiations. The commissioners hope to purchase property off William Avenue from the Northwestern Pacific Railroad.

Everett said the federal government has set aside 35 million dollars for aid to park programs throughout the nation. He said five applications have already been received by the government from this district, which includes 13 Western states. He said there would not be enough money to help all the requests the government will receive.

Miller said the Federal Housing Act of 1961 states that counties in need of federal aid for developing green belt areas can get 20 per cent of the project cost from the government. The other 80 per cent would have to come from the initiating agency (such as the Larkspur Recreation Commission) before aid is considered.

He said aid would be given on a "most need" basis and felt most of the money would go to areas in the East where the need of recreational facilities is more acute.

Breech-loading rifles, although invented many years earlier, first came into combat use during the Civil War. The Sharps rifle was among the first. It was a single-shot weapon and at first paper cartridges were used. Later metallic cartridges were issued.

Dixie School Board Learns Construction Bid Approved

Dixie School District trustees received notice last night that the State Department of Finance has approved the W. J. Kubon Co. low bid of $107,718 for construction of a multi-use room and pertinent facilities at Mary Silveira School.

Arnold Griewe was approved for employment as inspector of construction of the room at a salary of $1,835.

On information that the district now has sufficient bonding capacity to sell $198,000 more of its bond issues, the board authorized Supt. Dennie B. Willis to proceed with sale of bonds.

Pupil insurance to cover children transported to out-of-district school activities will be taken from Continental Casualty Co. at a rate of three cents per pupil in average daily attendance, the board decided.

Willis was authorized to employ Mrs. Catherine Lawson, Mrs. Olga B. Keeler, Mrs. Kay Stinchcomb, Mrs. Muneen Stenberg, Mrs. Ruth Alumbaugh and Mrs. Edna Hanson as noon-hour supervisors at school playgrounds.

The superintendent was also authorized to contract with Dariel Fitzroy, San Rafael acoustical engineer, to make a study of the Hoffman School's multi-use room.

Contract with the architectural firm of Reid, Rockwell, Banwell and Tarics was authorized for planning addition to Vallecito School and a new seventh-eighth grade school at Las Gallinas Avenue and Miller Creek Road in Marinwood.

Authorization was given for purchase of $2,000 worth of equipment for the new Don Timoteo School, and for continuation of landscaping to a cost of $600 at the Hoffman School.

The Chamber of Commerce at Siloam Springs, Ark., has 205 women members and claims the largest number of female members of any Chamber in the world.

A month before the Civil War ended the Confederate Congress authorized enlistment of up to 300,000 Negro troops. Only a few companies were organized and none saw action.

School Unification Committee Is Formed

Organization of a citizen committee to promote unification of Novato and San Jose School Districts was completed at a meeting last night at Novato's Hill School.

The meeting was called by the Novato Committee for Better Education, with Robert Carrow as chairman.

Mr. and Mrs. Roy Corliss and James Rose of Novato were named to the publicity and public relations committee; Boris Ivanovsky and Benjamin Edger of Ignacio, to the finance committee.

Next meeting of the group will be on Oct. 25 at Hill School when plans for a house to house canvass of the district will be presented by Carrow and Mrs. Michael Doran, co-chairman of a committee for that drive.

Residents of the two school districts will vote on the merger Nov. 21.

No Meeting Tonight

The Sir Francis Drake Kennel Club will not meet tonight as reported in yesterday's Independent-Journal. The next meeting of the club will be held next Tuesday at 8:30 p.m. in the San Rafael City Hall, according to Carol R. Simonds, club representative.

Tiburon Firemen Set Demonstration

In observance of fire prevention week, the Tiburon Volunteer Firemens' Assn. will demonstrate how to put out a blazing fire at Reed School at 10 a.m. and Tiburon School at 1 p.m. tomorrow.

Firemen will respond to a "code three" with air packs and extinguish the blaze set in a tank by a department member, Fire Chief Frank J. Buscher said.

Mail Carrier Pleads Guilty In Liquor Case

A San Anselmo mail carrier, accused of providing liquor to two minor boys, pleaded guilty yesterday to a charge of contributing to the boys' delinquency.

Judge Leonard A. Thomas ordered Ronald Harder, 26, of 55 Magnolia Avenue, San Anselmo, to appear in court Nov. 2 for a probation report and sentencing.

Harder told the judge he has never been in trouble before. Last Sunday, he went to the Meadow Club where he works during his spare time as caddy. There he met two other part time caddies, aged 13 and 14. All three went for a drive to Bolinas Beach. The boys said they drank vodka and beer on the way.

The world's longest bridge-tunnel is slowly inching across the mouth of Chesapeake Bay. The 17.6-mile crossing will link Virginia's eastern shore peninsula with the rest of the state near Norfolk.

Mysterious Twilight Nude Put Under Wraps

Novato's mysterious twilight nude was put under wraps last night.

The rap he faces is a misdemeanor count of failing to register as a convicted sex offender.

Charles E. Koontz, 41, was fully clothed when Novato police arrived at his home at 1448 Donna Street. But, claimed the officers, he was wearing only a coat of skin when he flitted through the moonlight on July 30 and several succeeding occasions.

Koontz was lodged in Marin County Jail under $787.50 bail. Police Chief Roy McLaren said he admitted the nocturnal nude wanderings which have alarmed several residents in the past few months.

On the first reported occasion, July 30, the nude man was strolling down Grant Avenue near the Novato Theater. There were several reports subsequently of an unclad man seen in the twilight. And on Sept. 29, a young couple saw him sitting in his car, sans clothing, near the Crocker-Anglo Bank. They took the car license number and gave it to police, leading to Koontz's arrest.

Koontz, who is married, is employed as an accountant by a San Rafael industrial firm.

Workman Treated For Inhaling Gas

Thomas Haman, 24, of 52 Vendola Drive, Santa Venetia, an employee of the Marin Municipal Water District, was treated at Marin General Hospital yesterday afternoon for inhalation of chlorine gas at the Bon Tempe filter plant of the district.

He had "a small whiff of the gas" while changing one-ton cylinders at the plant between Phoenix and Lagunitas Lakes, reported B. J. Brusatori, water district secretary.

Dutch Order Two Soviet Envoys Out

AMSTERDAM (UPI) — The Dutch government today ordered two Soviet embassy officials to leave the country by Saturday midnight.

The ouster was ordered shortly after Soviet Ambassador P. K. Ponomarenko flew back to Moscow where he was expected to face some embarrassing questions about a Russian scientist who defected to the West here this week.

A Dutch Foreign Ministry note to the Soviet Embassy also said the government intended to take steps in Moscow against Ponomarkeno who was involved in an airport fracas here Monday over custody of the wife of Russian defector Alexei Golub.

Diplomats ordered to leave The Netherlands were Soviet trade attache S. W. Shibaev and embassy second secretary A. D. Popov.

The Dutch action followed an incident at Amsterdam's Schiphol Airport Monday in which a party of Soviet Embassy officials headed by Ponomarenko invade a Dutch police station and seized custody of Mrs. Golub.

Ponomarenko, who was punched in the nose in the airport battle left unexpectedly earlier today aboard a Moscow-bound Tupelov airliner.

GEORGE N. CROCKER
From FDR to JFK

Discussion Set Tuesday On 'Summits'

"Summit Conferences from FDR to JFK" will be discussed by author George N. Crocker at a public meeting of the Young Republicans of Marin at 8 p.m. Tuesday in the county courthouse.

Crocker, an attorney and student of history, is sponsored by the Young Republicans' American Heritage Committee.

His book "Roosevelt's Road to Russia" is a narrative of the meeting of Roosevelt, Churchill and Stalin. He recently spent several months in Russia and is now working with William Buckley, James Burnham and Frank S. Meyer on a book about the House un-American activities committee.

Canned Juice Clicks

NEW YORK (UPI) — Food chains sold twice as much canned juice in 1960 as they did in 1955, notes the grocery edition of Grocery Store Age. Sales in 1960 were 370 million dollars, up 128 per cent from the 162 million dollars in 1955.

Cause of Church Fires

NEW YORK (UPI) — Lightning and faulty electrical equipment cause nearly 50 per cent of the church fires in the United States, according to the Insurance Information Institute.

College Group Chairman Is Elected

Rufus Rhoades of San Rafael last night was elected chairman of a new citizens' advisory committee for College of Marin.

He previously headed the committee that served from last February to June.

The new committee named three vice chairmen. Fred F. Enemark of San Rafael, in charge of planning studies; Mrs. John B. Ehlen of Sausalito, "the college and the community," and Carroll Snyker of Ross, curriculum studies.

Rhoades said the three vice chairmen will constitute an executive committee.

Rhoades told the meeting in Harlan Hall last night the committee must supply its own leadership and direction and not count on the board of trustees to supply this. He said the committee must be free of both administration and board influences.

Mill Valley Dentist Is Sworn In—Twice

Two oaths of office were administered in San Francisco yesterday to Dr. Daniel A. Collins, dentist of 700 Summit Avenue, Mill Valley.

He became a member of the State Board of Public Health, being sworn in by Justice Mathew Tobriner, and Federal Judge Oliver Carter administered the oath for membership on the national advisory committee selecting dentists and physicians for the National Selective Service Board.

STATEWIDE SURVEY:

Nixon Dominates GOP As Governor Choice

By MERVIN D. FIELD
Director, The California Poll

Former Vice-President Richard M. Nixon is the dominant choice of Republicans in California today for the gubernatorial nomination.

On the democratic side, Gov. Edmund G. Brown is the leading choice, although former Motor Vehicle Department director Robert I. McCarthy, also receives a substantial preference vote at this time.

The California Poll's trained opinion interviewers queried a cross section of the state's adult population last week and asked the Republicans among them which of a list of potential Republican contenders they favored as a nominee. The list and the choices were as follows:

Richard Nixon	77%
Goodwin Knight	12
Harold Powers	2
Joseph Shell	1
Don't know, undecided	8

Prior to this, former Gov. Goodwin Knight charged that a Nixon emissary had offered him a deal if he would withdraw from the Republican race. Thus, the lineup of sentiment shown here reflects the first impact of the Knight blast at Nixon. The long-range effects of the charges and countercharges that have been made by both sides remains to be seen in future measures as the campaigns develop.

While Brown has not announced officially that he will be a candidate for the governorship again in 1962, it is assumed that he will run. Also mentioned as a possible contender for the Democratic party nomination is McCarthy, who recently resigned in anger as head of the Motor Vehicle Department over what he termed the Brown administration's failure to back his programs.

The preferences expressed by a cross section of the state's rank and file Democrats when interviewed by the California Poll are as follows:

Edmund G. Brown	50%
Robert I. McCarthy	30
Don't know, undecided	20

The importance of these early measures of voter opinion is the extent to which they show that Nixon's strength with the Republicans in California is still dominant despite Knight's headline charges. Thus, the former governor's bid to stop Nixon so far has failed to make any serious inroads. Shell and Powers also seem to face almost insurmountable odds in challenging Nixon's popularity.

Brown has dealt with a number of controversial issues during his term in office, and his goal in coming months will be to regain the level of popularity with his own party members that was instrumental in moving him into the governor's mansion. His success in rallying the Democrats to his candidacy once more will depend to an important extent on whether other individuals also seek his party's nomination.

The E. I. DuPont Company of Wilmington Del., and the Hazard Company of Hazardville, Conn., furnished most of the powder for the Union Army in the Civil War.

Marin Gridders Start League Schedule

It's the start of the 1961 Marin County Athletic League battle royal that is stirring up all the football interest this weekend. But before the "big six" among Marin's prep elevens begin banging away at each other, the Terra Linda Trojans will once again kick off the weekend schedule with a Friday afternoon game when they host the Lowell High junior varsity from San Francisco at 4 o'clock.

The Terra Linda tilt may be overshadowed by the big MCAL openers, but to the Trojans it's an important game.

They'll be out to retain their status as Marin's only undefeated, untied high school eleven.

Tomorrow night the lid will come off what should be a most interesting MCAL scramble when favored San Rafael High hosts undermanned but scrappy Marin Catholic High. The game will start at 8 o'clock on the Bulldog gridiron.

That same evening at Calistoga the Tomales High School Braves will be opening their North Bay League campaign against Calistoga.

The Kentfield gridiron will be occupied tomorrow night by the College of Marin Tars who will be striving to extend their win streak to three in a row against the University of San Francisco.

More MCAL warfare is scheduled for Saturday.

In the afternoon, at 2 o'clock, Tamalpais and Novato will clash at the College of Marin field in Kentfield. And at 8 that night archrivals Drake and Redwood will battle it out on the same gridiron.

Also on the Saturday night schedule is San Rafael Military Academy vs. St. Vincent's at Petaluma. It will be the Bay Counties League opener for the Cadets.

Tedda Linda coach Pete Limm said yesterday that his Trojans could be short on manpower against Lowell tomorrow, thanks to the 'flu bug.

"We have four or five boys who are down with the influenza," he said, "and it is altogether likely that at least a couple of them won't be able to play tomorrow."

The Lowell game was scheduled when Menlo High, slated to be the Trojans' only varsity foe this fall, had to cancel out.

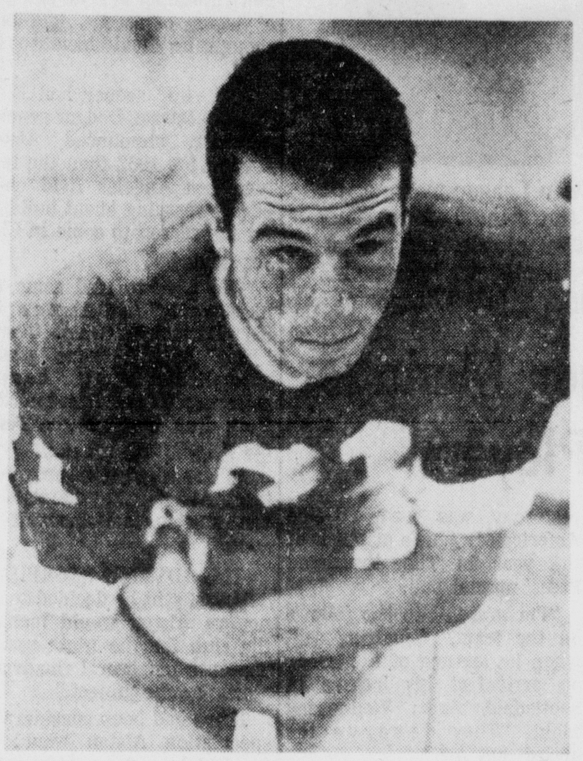
Fullback Kip Solinsky Helped Win S.F. Game



'PREP OF THE WEEK'—Kip Solinsky, 17, of the Redwood High Giants has been selected "Prep of the Week" by the Independent-Journal and Radio KTIM for his standout performance in the Giants' victory over Riordan High of San Francisco last Friday. The senior fullback has scored all of his team's TDs this season. (Photo by Harold Mathias)

Kip Solinsky of Redwood High, has been selected this week's "Prep of the Week" by the Independent-Journal and Radio KTIM.

The senior fullback of the Giants led his colleagues to their first victory this season against Riordan High of San Francisco last Friday. Solinsky scored both of Redwood's triumph and has tallied all five of the Giant's TDs this year for a total of 30 points.

In Giant tilts to date he has carried the ball a total of 35 times and chalked up 164 yards from scrimmage—an average of 4.63 yards per carry.

The fullback is described by Giant coach Bob Troppmann as a team leader.

KENTFIELD RESIDENT

The 17 - year - old athlete, named Christian W. Solinsky after his grandfather, is a native of Sacramento. The Solinsky family has lived in Kentfield at 111 Goodhill road for the past eight years. Last year he went to Drew High School in San Francisco, but decided to graduate from Redwood.

He is the son of Mr. and Mrs. Frank Solinsky III, and the brother of two sisters, Ann, 20, and Liz, 18; and two brothers, Frank (in the U. S. Army in Germany), 23, and Jim, 14.

Kip's major interests are sports and studies. It is his intention to attend college, but he has not yet decided where. Kip has participated mostly in baseball (since Little League), football, and skiing. The family formely lived in Sutter Creek, Amador County, from where, as a boy, he trudged to nearby mountains to ski.

TIMBER WORKER

During the sumers Kip has worked both for his father's timber firm (Frank and Dean Solinsky of San Francisco) in northern California forests and at Ross Grocery Store, Poplar Avenue and Redwood Drive, Ross. During the school year, Kip also works part time at the grocery, where he has been employed for the past two years and does "just about eveything."

Kip's modesty and natural leadership ability make him popular with underclassmen as well as his teammates and junior and senior students.

U.S. Davis Cuppers Want To Jar Italy

ROME (AP) — A determined U.S. tennis team vowed today to jar confident Italians who expect their Davis Cup squad to beat the Americans easily in the interzone final.

The Americans were not predicting victory for themselves, as Italian sports writers and tennis buffs were doing for Italy. But the Americans were not conceding either.

Many Italians were forecasting a 5-0 victory once play starts Friday. One was Marquis Ferrante Cavriani, a former non-playing captain of the Italian Davis Cup team and now an official of the Italian Tennis Federation.

Told of the marquis's prediction, Donald Dell of Bethesda, Md., said: "If I were them, I would not bet on it."

David Freed, non-playing captain of the American team, admitted the Italians had the edge "on paper." But he said the encounter was wide open.

Other members of the American team — Jon Douglas, of Santa Monica, Calif., Whitney Reed of Alameda, Calif., and Martin Riessen of Evanston, Ill. — were equally confident in their ability to halt the favored Italians.

But Italian tennis fans thought the Americans, short on experience in Davis Cup play, would have a tough time winning a match against the veteran Italian team of Nicola Pietrangeli, Fausto Gardini and Orlando Sirola.

Italian sports writers noted that the United States in playing without two of its top amateur players—Chuck McKinley and Bernard Bartzen—while an Italian team of Sirola and Pietrangeli had beaten a stronger United States team in the interzone final last year. At that time Barry McKay, now a professional, was playing for the United States.

LIGHT WORKOUT

After four days of strenuous workouts on the red clay courts at the Rome Tennis Club, where the matches will be played, Freed scheduled only a light workout today.

Douglas and Gardini meet in the first match Friday. Then Reed and Pietrangeli collide.

On Saturday the doubles match will be played. The Italians plan to use Sirola and Pietrangeli. Freed intends to team Dell with one of the other three American players, possibly Riessen.

Douglas and Pietrangeli meet in Sunday's first singles match. Gardini and Reed play the final match of the encounter.

Houk Given Boost In Pay

NEW YORK (UPI)—The World Champion New York Yankees today signed Manager Ralph Houk to a new two-year contract at a "very substantial raise."

Houk this week became the third manager in major league history to bring his club home as world champions in his first year as manager. Only Bucky Harris of the 1924 Washington Senators and Eddie Dyer of the 1946 St. Louis Cardinals had accomplished this feat.

General manager Roy Hamey said that Houk was given a "very substantial raise."

"We gave him what we thought he deserved," Hamey said. "We felt sure a year ago that Ralph was the man for the Yankee future. Now, we are positive of it. He did a wonderful job."

It was estimated that Houk would receive an annual salary of between $45,000 and $50,000 on the new contract.

49er Shotgun Not Fully Exploited Yet

By HARRY JUPITER

SAN FRANCISCO (AP)—After shutting out his last two National Football League opponents 49-0 and 35-0, Coach Red Hickey says his San Francisco 49ers still haven't developed all of the explosive potential of his shotgun offense.

The 49ers beat the Los Angeles Rams 35-0 last Sunday and clobbered the Lions at Detroit the week before that.

In both games, the 49ers used the shotgun all the way, utilizing all three of their quarterbacks.

There was a lot of criticism of the shotgun formation before it became so spectacularly successful.

In beating Los Angeles Sunday the 49ers had touchdown drives of 81 yards in 10 plays, 80 yards in 11 plays, 80 yards in 10 plays, 77 in 6 and 93 in 13.

The Packers beat the 49ers 30-10 at Green Bay, the only 49er loss this season, and Hickey figures there were two reasons for the loss.

"The Packers have a great team, no doubt about it," Hickey said, "but we didn't use our shotgun enough against 'em. We used the shotgun about half the time and the T the rest."

Hickey had the shotgun in mind when he drafted UCLA's Bill Kilmer as his first draft choice. Kilmer is one of the three alternating quarterbacks, along with veteran John Brodie and second-year man Bobby Waters.

"And I figured Bernie Casey and Jim Johnson would work into the shotgun pretty well too," Hickey adds. "Both are fast and can catch passes at end or carry the ball at halfback."

Johnson, from UCLA, and Casey, from Bowling Green, were first round draft choices along with Kilmer.

With all the talk of the shotgun, though, Hickey is loaded with pride for his fine defensive unit.

When the 49ers had a fourth down and one yard to go early in the first quarter against the Rams, the defensive unit was on its feet, yelling, "Go for it. Don't worry about them getting the ball."

It's been 27 years since a NFL team registered three straight shutouts.

Will those 49er hard noses make the Minnesota Vikings their third straight shutout victim Sunday at Minneapolis?

Hickey coughed and reverted to conservative form.

"I'll be happy with a one-point win."

Indian Hensel Is Benched; Injured

STANFORD (AP) — Stanford halfback Tim Hensel, sidelined with a knee injury, reported to practice for the first time in more than a month yesterday.

Coach Jack Curtice said Hensel may play when the Indians meet San Jose State here Saturday.

Stanford concentrated on its running game in a long drill yesterday.

Old Joe 'The Jet' Perry Is Still Skilled, Conscientious, In Shape

HANLEY

Remember Joe Perry, Joe the Jet, the Compton Comet? The current craze created by the 49er triple-barreled Shotgun has almost erased any memory of Joe's catapulting starts out of the fullback slot at Kezar Stadium where for 13 campaigns—two in the old All-American Conference and 11 in the NFL—he thrilled 49er fans as a come-through bread-and-butter man.

We got to wondering how Joe, approaching his 35th birthday in January, has been making out in his 14th pro campaign. So we asked Herb Wright, publicity man of the Baltimore Colts, to give us a report on the stop-gap fullback of the Colts.

"What do you mean by referring to Joe as a stop-gap fullback?" Wright replied. "At his present pace he could plug the void longer than anyone expected. The crowds here in Baltimore Memorial Stadium are cheering him just as they did in Kezar. He is our top ground gainer with 228 yards in 47 carries, just a shade under five yards per try."

We also asked Wright to act as our intermediary in an interview with Joe, one of our all-time favorites, and here is what the Jet has to say:

"SURE I MISS Kezar but football is my life. I've given it everything I've had and I'll continue to do so as long as I can do the job. I try to stay in good physical condition—working out with weights during the off-season—and when it's time to start playing I don't seem to have any trouble. Once I survive training camp I've got the regular season licked.

"Every Sunday is a new adventure. No matter how well equipped you are physically you can still make mistakes—and they're what beat you in this league where the talent is so evenly distributed. As long as I've been playing I still suffer an occasional mental lapse. It could be due to nervousness, over-concentration, missing an audible—any one of a number of things. You can play this game for 25 years and you'll still be vulnerable to error. After all, people boot 'em in business every day."

THAT'S JOE all right. That's precisely the way he talks. A remarkable fellow and a remarkable athlete who takes a great personal pride in keeping in top condition and now, approaching 35, weights 195—just three pounds more than when he carried his first football for Jordan High School in Los Angeles in 1939.

"Time has virtually stood still for Joe," Wright says.

The Jet, however, knows better. He put a postscript on his interview. It read:

"I only wish that I could start all over again."

Cal Runs Long Dummy Scrimmage

BERKELEY (UPI) — The University of California Bears went through a two-hour dummy scrimmage yesterday in preparation for their big five opener against the Washington Huskies Saturday.

Coach Marv Levy said fullback George Pierovich will be off the injured list and should see action. However, Vic Yamato will take over a guard position in place of the injured Doug Graham, a defensive standout.

If 'Irregular' Players Come So High, What Will The Others Cost?

CONNOLLY

If it takes $425,000 to buy San Francisco Giant "irregular-players," what do you suppose it is going to cost to acquire talented men capable of becoming regulars?

It may be a silly observation, but I believe Houston and New York were just paying a National League "license fee," and took as a receipt, a lot of surplus players that were incapable of making the first team on the clubs that sold them. Surely nobody in his right mind will argue Joey Amalfitano is worth $125,000, nor will they agree that Eddie Bressoud, Hobbie Landrith, Sam Jones and Ray Daviault are worth 75,000 scooties of anybody's money.

Not a single one of the five Giant players purchased were regarded as first line infielders or pitchers.

Jones, nearing 40 years of age, is the only Giant player I feel sorry for. He was overworked by Bill Rigney when he was struggling for a 1959-1960 pennant and overlooked by Alvin Dark who succeeded Rigney.

Sam pitched his heart out for a lost cause and Dark had to discount him for younger pitchers in the 1961 scuffle for existence.

There is apt to be a lot of fun later on when the players are put up for waivers at $25,000 a head. That perhaps is why fellows like Billy Loes, Jimmy Marshall and other available players were side stepped. But let the Giants try and get them out of the league and you can bet Houston and New York will put the hooks into them.

The escape for National League teams with trading plans, no doubt, will be reserved for a three week period in December when the American League clubs can swap men without waivers, and the same in the National circuit.

It is quite evident that the Giants are planning to use Charley Hiller at second base but it could be that Hiller, Marshall, Loes and others could be trade bait for a more solid and more experienced second sacker. Harvey Kuehn, likewise might be used as bait to acquire a catcher. All American League clubs know how much a terror Harvey was in that loop and may still waive talent at the Giants to get the value of his hitting experience against American League pitchers.

Garry Schumacher and other Giant officials who attended the world series are home and none of 'em are passing out any compliments to the Redlegs playing or to their bench management. All agree that with Frank Robertson and Vida Pinson in a batting slump the Reds were out of it from the start. Principal criticism against Freddie Hutchinson was in not putting a pinch hitter in for rookie catcher Edwards in the final game of the series.

Southern Cal Is Underdog By 13 Against Irish

LOS ANGELES (AP) — Southern California is a 13-point underdog for its football game in South Bend Saturday against Notre Dame. And with star halfback Willie Brown injured, the Trojan attack will be blunted.

USC has two defeats — to Georgia Tech and Iowa. The Irish have beaten Oklahoma and Purdue. If the Trojans could mount the attack they showed in losing by one point to Iowa, they might give Notre Dame real trouble.

But Coach John McKay will have to use Ken del Conte and Karl Skvarna in Brown's place, and neither has the sophomore flash's deception or breakaway threat.

This will be the 33rd meeting between the teams, and the Irish are 21-9-2.

Daryle Lamonica of Fresno, a 205-pound junior, is Notre Dame's passer. McKay has been gearing the Trojans to defense against the overhead game.

Touch Football League Planned

A touch football league, sponsored by the San Rafael Recreation Department, will be held for fourth, fifth and sixth graders at Davidson Junior High School, announced department director Joseph Rodota today.

The program, previously held at Albert Field, will include six-man touch teams of respective grade levels. Sessions will be Saturdays from 1:30 to 3:30 p.m. until Nov. 11. For further information contact the recreation department through the city hall.

Horse Doping Charge Denied By Trainer

SAN MATEO (UPI) — Trainer Joe Dunn, on suspension after tests on one of his horses showed the presence of a stimulant, today denied the charges.

Dunn, one of the west's most prominent trainers and conditioner of the powerful Howard B. Keck stable, was suspended yesterday.

The action followed discovery of "Ritalin," trade name for the stimulant methylphenidate, in the saliva of the four-year-old filly, Nascania.

The horse, a long-shot, finished a close second in the San Mateo Handicap last Saturday behind favored Queen America. The purse was ordered redistributed yesterday.

Ordinarily saliva and urine tests are taken only on winners, but in the case of major stakes races, they are taken on the first three horses.

NIGHT WATCHMAN

Dunn, who has 15 horses for Keck, maintains a foreman during the day and a watchman at night.

He said that Nascania has never required any medication and has not been treated for anything at Bay Meadows.

"We gave her a tranquilizer before shipping to Bay Meadows last month. Since that time she has had no medication of any kind."

Could it have been someone else who gave the horse a stimulant? The baffled Dunn did not think so.

"She is a roguish type and I sincerely doubt any stranger could successfully approach her to administer anything.

"I just can't understand it."

Dunn's case was referred to the California Horse Racing Board and further entry of horses trained by him will be refused pending a hearing.

S.F. Golfers Win Reno Tournament

RENO, Nev. (UPI)—Three San Franciscans shared individual honors in the fourth annual Holiday Mug Hunt Golf Tournament this year.

The 54-hole battle ended yesterday with defending champion George Gnau, Dr. Bob Thompson and Ed Castagnetto bracketed at 207.

Low net honors went to Ed Nott, who shot a 66 yesterday at Hidden Valley on the way to a 192 net score.

The team title went to the quartet of Syl Deluca of San Mateo, Brace Gurnee of North Hollywood, Dave Burns of Reno, and Paul Danzig of Oakland. They had a foursome best ball of 168.

Tom Culligan, dapper real estate developer from San Mateo, won the seniors championship with a 227.

As Hornung Goes, So Go The Packers

GREEN BAY, Wis. (AP) — Green Bay great Paul Hornung is happy as long as the Packers keep winning. And the versatile halfback is doing his part to assure he stays happy.

No individual in the tough National Football League can be called truthfully a "one-man gang." But Hornung probably comes closest to deserving such an honor.

The 25-year-old blond bomber is making a place for himself among the NFL's all-time greats with his tremendous running, pass-receiving, placekicking, passing threat on the option and jarring blocks in Green Bay's bruising ground game.

SEES 3RD TITLE

The 215-pound Hornung, the Packers' 1957 bonus selection after he won the Heisman Trophy as the nation's outstanding collegiate player while a senior at Notre Dame, is well on the way to his third straight NFL scoring championship.

He won the title with 94 points in 1959 and then set a league record by piling up 176 on 15 touchdowns, 15 field goals and 41 extra points in 12 games last year. The production shattered the old mark of 138 points set by Green Bay's Don Hutson in 1945.

Helped by a 33-point outburst in a 45-7 rout of Baltimore last Sunday, Hornung has a total of 64 points in four games this year. He leads his closest pursuer, Lenny Moore of the Colts, by 16 points with 10 regular season games to go.

Fighter Injured; To Miss Match

SAN FRANCISCO (AP) — An electrical truck lift injured the left foot of Kirk Barrow yesterday while he was doing warehouseman chores, knocking him out of a scheduled 10-round heavyweight match next Monday night at Kezar Pavilion.

Promoter Lou Thomas said Barrow would be replaced by Joe Sullivan, also of San Francisco, in the ring against Dave Furch of Phoenix, Ariz.

Honored Tiger Manager Credits His Players

DETROIT (AP) — Bob Scheffing, a weather-beaten ex-catcher who'd been fired by the Chicago Cubs, became manager of the Detroit Tigers before the 1961 season knowing he faced an obstacle course.

He took over one of baseball's most mixed-up clubs, guided it to second place and yesterday was named the American League's manager of the year in The Associated Press' annual poll.

"I'm grateful to the fellows on the team," Scheffing said when he learned of the honor on arrival at his home in Scottsdale, Ariz., Wednesday night. "They deserve the award, not me."

Scheffing said he was very happy about the award. He added that he expected the Tigers to have about the same club next season as they had this year.

Scheffing received 105 votes from 174 voting members of the Baseball Writers' Association of America. Second to Scheffing was Ralph Houk, the man who replaced Casey Stengel as manager of the Yankees. Houk received 62 votes. Bill Rigney of the Los Angeles Angels received 6 and Jimmy Dykes, fired recently by the Cleveland Indians, 1.

Huskies Mitchell Working Again; Knee Better

SEATTLE (UPI) — Star halfback Charlie Mitchell worked out with the University of Washington Huskies today, but he still was a doubtful starter for Saturday's game against California at Berkeley.

Mitchell injured his knee last week against Pittsburgh and sat out yesterday's practice session. Rain forced the Huskies indoors, but coach Jim Owens kept them busy.

2nd Guessers Can Try Walt Again

LOS ANGELES (UPI)—The Los Angeles Dodgers today gave Walt Alston another chance to win a National League pennant a legion of second guessers thought he should have won in 1961.

And no sooner had E. J. (Buzzie) Bavasi, Dodger general manager, announced Alston signing for 1962 then the taciturn Los Angeles field chief began worrying about building for the season to come in Chavez Ravine.

"We have to find some replacements," said Alston from his Darrtown, Ohio, home. "They drafted some pretty good pitchers from us," he said, referring to the Houston-New York draft that cost the Dodgers six players.

As for signing a new contract, Alston said "there's only one way to feel about it — good."

ILL ADVISED STORIES

Bavasi said he decided to announce Alston would manage the club for the ninth season "because of several ill-advised stories on the subject."

There had been considerable speculation Alston would be fired or kicked upstairs in the face of strong criticism of the Dodger failure to win the pennant this year. Los Angeles was second, four games behind Cincinnati's pennant winners.

The soft-spoken, 6-foot-2 Dodger manager was expected to get about $40,000 for his annual labors, although no formal figure was given. He has won three pennants—in 1955, 1956 and 1959—and two World Series—in 1955 and 1959—since taking over in 1954.

So great is the turnover in Major League managers that Alston has been pilot of the same team longer than any other active manager. His team finished out of the first division only in 1958 — when the Dodgers dropped to seventh in their first season in the Coliseum.

Marin Cage Signups On

College of Marin head basketball coach Cal Reimcke announced that basketball signups are being accepted this week for the Tars' varsity squad. Practice starts Monday.

Eighteen men have already signed up, says Reimcke, whose team will be defending its sixth consecutive Golden Valley Conference championship this season.

Reimcke says he expects to have at least 25 players signed up to possibly allow a junior varsity team.

Practice schedule will be Mondays, Wednesdays and Fridays, 4:15 p.m., and Tuesdays and Thursdays, 3:30 p.m.

Raiders Leave For Denver Contest

OAKLAND (UPI) — The Oakland Raiders take off tomorrow for their contest at Denver.

Coach Marty Feldman announced some minor lineup shuffles for the Bronco battle.

George Fleming and Charlie Fuller will be alternate tight back and flanker behind starters Wayne Crow and Charlie Fuller.

"But the big difference will be in our strategy," Feldman said cryptically today.

The Raiders, who were idle last week, have been drilling the past few days on specialty items such as punts and kickoffs.

Wolverines Given Slight Edge Over Spartans In Television Tilt

By HAROLD CLAASSEN

NEW YORK (AP)—Be sure to equip your TV set with a shatter-proof screen for this weekend's viewing of the Michigan State at Michigan football game. Each again is a Big Ten power and they hate each other athletically as only rival state institutions can.

You and some 100,000 spectators-in-the-flesh will see Michigan wear down the Spartans and eke out a narrow victory. There's a .725 chance that this prediction is correct. That's the average for the season after four weeks. Last week's figures showed 31 correct and 15 wrong picks.

Each team has powerful and mobile linemen. Eash, also, has speedy and versatile backs. But Michigan also has Bill Tunnicliff, a 230-pound fullback and he gives the Wolverines a slight edge.

Iowa over Indiana: The Hawkeyes have been sputtering in their first two games, but despite a long injury list among the Iowa backs the Hoosiers haven't enough to hold their foes in check.

Alabama over North Carolina State: The Crimson Tide has yielded an average of only four points each to three foes stronger than State.

Texas over Oklahoma: The one-time Big Eight power will wear itself out trying to catch Jim Saxton and Jack Collins.

Mississippi over Houston: The Rebels' biggest worry will be to decide which of their three top teams to start.

Ohio State over Illinois: The Illini still too green even if the Buckeyes aren't as fierce as they were rated to be.

Notre Dame over Southern California: The Irish are on the way back as any team would be that had their backfield array.

Elsewhere: Baylor over Arkansas; Maryland over North Carolina; Louisiana State over South Carolina; Northwestern over Minnesota; Washington over California; Georgia Tech over Duke; Miami over Colorado; Navy over Cornell.

Tomorrow night: Boston College over Detroit, Tulane over Virginia Tech.

Saturday

EAST: Holy Cross over Boston University, Rutgers over Bucknell, Dartmouth over Brown, Harvard over Colgate, Penn State over Army, Pittsburgh over West Virginia, Princeton over Penn, Villanova over Buffalo, Yale over Columbia.

SOUTH: Auburn over Chattanooga, Clemson over Wake Forest, Davidson over Presbyterian, Florida State over Georgia, Furman over Howard, Kentucky over Kansas State, Memphis State over Mississippi Southern, Mississippi State over Arkansas State, George Washington over Richmond, Tennessee over Tulsa, Virginia Military over Virginia, William & Mary over The Citadel.

MIDWEST: Air Force over Cincinnati, Kansas over Iowa State, Syracuse over Nebraska, Northwestern over Minnesota, Missouri over Oklahoma State, Purdue over Miami (Ohio), Wisconsin over Oregon State.

SOUTHWEST: North Texas State over Wichita, Rice over Florida, Texas Christian over Texas Tech, Texas A&M over Trinity, Arizona State over West Texas State.

FAR WEST: Arizona over Oregon, Stanford over San Jose State, UCLA over Vanderbilt, Utah State over New Mexico, Utah over Brigham Young, Washington State over Idaho, Wyoming over Colorado State University.

Duck Hunter Widows, Arise! Can't Beat 'Em, Join 'Em

By DEEDEE ABRAMSON

Duck hunter widows, attention! Now hear this! No longer do you have to bid a fond farewell to your husband every single Friday night from now until January . . . no longer do you have to sit at home every Saturday night . . . no longer do you have to miss out on every social function that comes your way!

There is an answer to the age-old problem facing women who are unfortunate enough to marry men who would rather hunt ducks, geese, pheasants, etc., than keep their wives happy . . . and that is, "if you can't fight them, JOIN THEM!"

Now is the time to lay the foundations for an enjoyable weekend, not only for yourself, but for your husband. Suggest that he take you duck-hunting. Forget the children, (or rather provide for their welfare for the weekend, as I did), take your gun in hand, and be a good sport . . . go duck-hunting with your husband!

FOR THOSE of you who couldn't care less . . . take it from one who knows. I couldn't, I did, and believe me, I had a ball! For example, I was up, not too bright-eyed and bushy-tailed, slogging through an icy pond at 5 a.m. to a duck blind. And I would almost be willing to bet that I was the only suburban matron from the Tiburon Peninsula who was . . . mainly because most of them have more sense! And they are not married to avid duck hunters!

My one warning is . . . don the long underwear before you go! It is darn cold!

Nowhere do you find the conviviality that you do among a bunch of men (idiots to be sure) who will get up in 22 degree weather to break ice getting to a duck pond and then sit there for three hours or more, silently freezing to death, waiting for the "big flight."

FOR A city girl, I quickly picked up the cry that would accompany a member's missing shot of "shoot 'em in the head" . . . and enlivened a cold morning with a rousing rendition of the Charleston on the levee . . . not because I felt like dancing in my 100 pounds of clothing, but because I was rapidly losing contact with my feet and mere "stomping" would not do the job.

For those men who are hard to convince, remind them that this is the weekend of the "big dance," and if they want to make you happy, take you along. For those not interested in earning your "good sport" badge, I can highly recommend the roaring fire during the day and a good book. I did take the latter, but never had a chance to open it, between the afternoon trap shoot and the interesting conversations around the clubhouse.

A WORD of warning for you gals! Duck hunting, unfortunately handed down through the ages, has been a male only sport. If you are allowed to go, have fun! My only problem was the gain of five extra un-needed pounds due to entirely too-excellent meals!

Since the season is upon us and many of us in Marin are debating whether or not to demand that the "old man" accompany us to the important neighborhood fund-raising dance coming up, this article is written for those who are seeking an answer to the duck-widow's lament. Follow my advice . . . get him to take you along some weekend . . . and I'll be willing to bet that you have more fun than a "barrel of mallards."

It's Unanimous! Hutchinson Named Manager Of Year

NEW YORK (UPI) — Fred Hutchinson, who led the Cincinnati Reds to their first pennant since 1940, was named the National League's Manager of the Year today by the United Press International's board of baseball experts.

Hutchinson, who took a team that had finished sixth in 1960 to an amazing triumph before losing in five games to the New York Yankees in the World Series, was the choice of all 36 experts. He succeeds Danny Murtaugh of the Pittsburgh Pirates, who won the honor in 1960.

BIG BEAR

Called the "Big Bear" because of the way he paces the dugout during a game, the 42-year-old Hutchinson replaced Mayo Smith as manager, with the Reds in seventh place, July 9, 1959. After the Reds sixth-place finish in 1960 they were given no chance to win the pennant in '61.

The team responded, however, to Hutchinson's style. Although he has been known to hurl various objects in the clubhouse in anger after games, he is essentially the "father type" manager. His technique is to win the confidence of his players by standing by them—rather than to manipulate players in platoon-systems.

"He made me feel like a man and not a statistic," is the tribute paid him by Joey Jay, a pitcher the Reds acquired from the Braves and who developed under Hutchinson into a 21-game winner.

The rest of the National League refused to take the Reds' threat seriously and confidently predicted that they would collapse. But the Reds rode out batting slumps, pitching slumps and fielding slumps to bring a pennant to Cincinnati for the first time since 1940.

TOP ROOKIE

Hutchinson, a native of Seattle, Wash., had a 95-71 record as a pitcher for the Detroit Tigers between 1939 and 1953. He was one of the most highly-touted rookie pitchers in history after having a 25-7 record at Seattle in 1938 but was a failure in his early years with the Tigers.

He came back after military service in 1946, however, to develop into a steady, first-class pitcher. He had his best records with 18-10, 15-7 and 17-8 marks in 1947, 1949 and 1950, respectively.

Bandtail Pigeons Tough Targets; Lead Each Bird By A City Block

STEVENS

To this date only one nimrod has reported on what is perhaps the sportiest pass shooting of all. I refer to the hunt for bandtail pigeons. This in spite of the fact that the season in the northern counties of the state has been in operation since Sept. 30.

The one report (I was asked not to use his name) was a sad, sad tale of exasperation and a pile of empty shells with only one bird to show for a 500-mile jaunt.

Personally, I have never even shot at a bandtail pigeon, but I have a friend who lived for many years in Lassen County and was a rabid—and successful—bandtail hunter. In his esimation, pigeon shooting is the acme of all scattergunning.

He laughed when I told him of the one report I had. He asked if this was the first time my contact had tried for bandtails. When I admitted it, he said:

"You tell him not to feel bad. It takes a lot of knowhow to down one of those babies. Not one in ten newcomers to the sport knows the proper distance to lead a pigeon."

"HOW FAR should you lead them?" I asked.

"Well, I'd say about two times as far as you would an average duck and then double that distance would be about right."

Perhaps it is just as well that all hunters aren't deadeye-dicks when it comes to hunting bandtails.

There was a time when these birds were very numerous. Thousands of them migrated from British Columbia to California in flocks so large that the flights darkened the skies almost as much as did the now extinct passenger pigeon. They wintered in California, fed in concentrated areas wherever there was a good supply of acorns and pinon nuts. It was easy to destroy huge numbers of the feeding birds. Market hunters in the early 1900s slaughtered them by the thousands. It was estimated by ornithologists that during the fall and winter season of 1911 to 1912, 50 per cent of the entire bandtail pigeon population was killed off. The federal government declared a closed season for a period of five years in 1914.

THE PIGEONS staged a good comeback. Hunting was again allowed. By 1932 it was again necessary to close the season; again they were saved. Good game management will continue, and very likely it will not again be necessary to close the season. Here's hoping!

The present open season is not state-wide. Only the counties of Del Norte, Siskiyou, Modoc, Lassen, Shasta, Trinity, Mendocino, Humboldt, Tehama, Butte, Glenn, Plumas and Sierra are now open and will close on Oct. 29. In the balance of the state the season will be Dec. 16 to Jan. 14.

HERE'S A tip on when to hunt the bandtails. Normally they leave their roosts to get breakfast just after dawn and they feed until about 8 or 9 o'clock. Then they go back to their roosts and sleep or look at television until around 4 p.m. and feed until dusk. The advice of my friend from Shingletown Park is:

"Tell 'em to pick their spot and get to it well before daybreak if they want the best results, and tell 'em to LEAD each bird a city block!"

North Marin Grid Contest Set Saturday

Some 150 North Marin boys from 6 to 10 will compete Saturday at hte Pony League Park on Simmons Lane, Novato, in a punt, pass and kick contest under the sponsorship of the L. J. Dervin Ford Co.

Central and south Marin boys held their competition last weekend at Redwood High School under sponsorship of Ames Ford Sales.

This Saturday's event will start at 10 a.m. with the public invited as spectators.

B. N. Ivanovsky is the director for the contest.

Football uniforms will be awarded first place winners in each age group. Warm-up jackets will be the second prizes and footballs the third place awards.

Scores of the North Marin boys will also be forwarded for comparison with those of other youngsters throughout Northern California to determine the competitors in a regional championship to be held later at a San Francisco 49er home game in Kezar Stadium.

Angels Release Rice, Bridges And Kluszewski

LOS ANGELES (UPI)—Catcher Del Rice, infielder Rocky Bridges, and first baseman Ted Kluszewski were given their unconditional releases yesterday by the Los Angeles Angels.

Bridges and Rice will be retained by the Angel organization as scouts or coaches. Kluszewski, 37, may retire to take a closer hand in managing two restaurants he owns in Cincinnati.

The veteran slugger hit .244 for the Angels with 15 home runs and 39 runs batted in during 107 games.

Bridges, 34, hit .243 in 83 games with two homers and 15 runs batted in.

Rice, who will be 39 later this month, hit .241 with four homers and 11 runs batted in during 44 games.

Angel General Manager Fred Haney said release of the veterans will give the team a chance to bring up youngsters from their farm system.

S.F. Hockey Team Opens League Play

SEATTLE (UPI)—The expanded Western Hockey League opens its 1961-62 season tomorrow.

A complete slate of games will see all eight teams in action with the newest clubs San Francisco and Los Angeles, meeting Seattle and Portland respectively.

Other games find Spokane at Vancouver and Calgary at Edmonton.

Portland is defending champion.

Each team will play a full schedule of 70 games—half at home and half on the road. The season will end March 25.

Lineman Of The Week Appears 10 Feet Tall

COLLEGE PARK, Md. (AP)—Gary Collins is a bigger fellow than even Tom Nugent, his Maryland football coach, realized.

"We had him listed as 6 foot, 3 inches until we measured him the other day and found out he's an inch and a half taller," said Nugent.

At times, Collins must seem 10 feet tall to Maryland opponents.

The senior end from Williamstown, Pa., has an uncanny knack for leaping above defenders and snagging touchdown passes.

After he grabbed one for a touchdown and another for the winning two-point conversion in last Saturday's 22-21 victory over Syracuse, Collins was picked "lineman of the week" today by the Associated Press as much for his defensive play.

"He's also our punter and when the going gets tough on defense, I have to get him in there," said Nugent. "So it's hard to give him a rest and when I can, I do it on offense."

For that reason, Collins' pass catching statistics aren't too impressive. He's caught only seven in Maryland's three victories.

This was the second time Collins was named lineman of the week by the AP. Last season, it was for catching a game-winning pass against North Carolina, Maryland's opponent this Saturday.

14 ROAD GAMES

S.F. Seals Open League With Exhausting Slate

VICTORIA, B.C. (AP) — The San Francisco Seals will lean heavily on experience as they open the 1961-62 Western Hockey League season with an exhausting 14-game road trip.

Returning to professional hockey after an absence of 11 years, San Francisco will be unable to play in its home arena until Nov. 17. The Seals will have played 14 games by the time ice and a new floor are installed in the 12,900-seat Cow Palace.

"With such a long road trip to start the season, we've acquired as many experienced players as possible," says Coach Max McNab.

The bevy of seasoned players include:

Goalie Bev Bentley, 34, a nine-year man in the WHL; defense-men Floyd Hillman, Jean Marc Picard and Gary Collins and forwards Nick Mickoski, 34, who played 11 seasons in the National League; Harry Pidhirny, 33, an American League regular since 1948; Duke Edmundson, Bob Solinger, Buddy Boone, Gord Redahl and Al Nicholson. All have played in the WHL at one time

Edmundson has spent the last three seasons alternating between the Rochester Americans of the AHL and the Toronto Maple Leafs of the NHL while Solinger, 35, has 13 years of minor league experience behind him.

One of San Francisco's prize catches was Bentley, acquired from the Seattle Totems in a straight cash deal.

McNab says his club still needs a proven defenseman, but he may go with rookie Joe Chasczewski. The 25-year-old Chasczewski formerly played with the Whitby Dunlops.

Other defensemen include Leo Lambo and Tom Thurlby, with the Portland Buckaroos last season. Don Hogan, from the AHL, Joe Morneau, a rookie, Gord Turlik, Barney Krake and Yves Locas are other forwards.

McNab will be starting his first season as a coach. He retired in 1959 after a brilliant WHL career with the now-defunct New Westminster Royals.

Owner of the San Francisco team is Coley Hall, former head of the Vancouver Canucks. Hall severed his connections with Vancouver to apply for the California franchise last spring.

"Mr. Hall has done a tremendous job in getting players from other teams," said McNab.

"We're going to have a good club. If we can just make a reasonable showing on the road trip, we'll more than hold our own."

Improved Pheasant Hunting Forecast For Willows Area

Marin County nimrodders who go to Willows during the 1961 pheasant season should find improved hunting.

The spring pheasant hatch was twice as good as in 1960, according to Father John McGoldrick of St. Monica's Catholic Church in Willows.

Father McGoldrick organized the Willows Pheasant Assn. 12 years ago. This organization now has 40,000 acres of choice hunting land signed up for the season which opens on Nov. 11.

The association will release 1,000 rooster pheasants on the land just before the season opens.

Marin hunters desiring a membership in the association should write to the Willows Pheasant Association, Willows, Calif.

Turley Under Knife To Pitch Next Year

NEW YORK (AP) — New York Yankee right-hander Bob Turley underwent an operation for removal of bone chips from his right elbow Wednesday. Dr. Sidney Gaynor, club physician, said Turley should be able to pitch again next year.

A Day With Patients Of Ross Terrace

Volunteers' Hours Are Appreciated

By FLORENCE DONNELLY

The residents of the terrace at Ross General Hospital live in a world of their own. It's a mighty sad world, some of the patients think, away from loved ones and friends, nearly cut off from human contact.

The days are long and the nights seem endless. The nurses on the terrace, which is restricted entirely to patients undergoing treatment for tuberculosis, are kind but busy. Only the volunteers, recruited by the patients services and rehabilitation committee of the Marin County Tuberculosis Association, have time to visit and while away the hours and do shopping for patients.

It was most evident when I visited the terrace with Mrs. H. Corwin Hinshaw, chairman of the important TB Association committee, that more volunteers are needed. There are 35 patients at the hospital, some may be there many months. And there are just not enough volunteers. The requirements for this rewarding work are simple. Just volunteer for two hours a week on the terrace and pass two tests. These are given free. One is the tuberculin test and the other a chest x-ray.

We walked up to the office of Mrs. Letitic Lynch, head nurse, to meet her, Mrs. Charles Kelly of Mill Valley, Mrs. Hinshaw's co-chairman; Mrs. Robert A. Davies of Belvedere, a volunteer, and Mrs. Genny Berry, executive secretary of the Marin TB Association whom I knew.

Then I went around to see the patients. The first one I had known for years, Otto Bortfeld of San Rafael. He's had three bouts on the TB Terrace, seven months this time, 10 months another and six months the first time. He's had three chest surgery operations.

'SAND HILLS'

Mr. Bortfeld knew San Francisco "when it was all sand hills." He went to work when he was 16 on a dredger and in 1904 operated the dredger which cleared San Francisco Bay for the present ship channel. He worked for Tom Crowley who had a fleet of launches and then went to sea on motor ships for eight years. He came to Marin in 1909 and for a couple years operated a garage in Mill Valley. After that he operated power shovels for McNear's. He is one of the fortunate ones who has a family near.

On the patio, which adjoins the terrace, I interrupted the chess game of Ray Crooke and John Irons. Ray said that he also finds number paints help to fill the time. He first came to the terrace on Nov. 25, 1958 and was there seven and a half months. He was back in March 8, 1960 and released in February 1961 only to come back in April. He was born and reared in Auburn, Iowa and worked on the family farm. He turned from that to mining and worked in a gold mine (shaft mining) in Cripple Creek, Colo. for 11 years. He served in the Army during World War I and then returned to mining in Leadville, Colo. During World War II he was at Marinship and then became a Sausalito cab driver. He never married.

BORN IN KENT

John Irons, born in Kent, England, Dec. 22, 1888, married an English girl. They migrated to Canada in 1910. Three years later he was in the United States. He worked in San Francisco hotels. During World War I, he joined the Canadian Army. He returned to California and had a chicken ranch in Hayward and later one in Novato. His is a sad story. Because of other financial reverses he lost both ranches. His wife died on their thirty-first wedding anniversary and in August he was stricken with TB. In spite of all of this he is a cheerful, kindly man and eager for company. He doesn't have much as his only son lives in Southern California.

Frank L. Carson was one of the more fortunate patients, he was enjoying a visit with his wife. She and their two children live in Concord. He has been on the terrace since June 8. He was born in Grand Junction, Colo. and reared on a ranch in Grants Pass, Ore. He has been a teamster most of his life, had trucks and hauled logs. His doctor discovered Frank had TB when he complained of feeling poorly. He likes to play cards and is always looking around for other players.

Engrossed in reading Field and Stream was Walter E. Laymance. He told me he loves to fish but it will be some time before he can enjoy this sport. He was a stationery engineer in a state job when chest x-rays in a routine check showed he was a TB victim. His three children live with his mother.

Back on the terrace again, I talked with San Francisco-born George Wall, who also likes to go fishing and says he does a "lot of reading." He came to the terrace, two and a half weeks before my visit. He had attended San Francisco State College, served in the maritime service during World War II and was an insurance company building inspector when he became ill. His wife lives in San Francisco.

Mrs. Hinshaw was talking with Ron Youd when I came to his room. He says he also likes to read to pass the time. Born and reared in Manchester, England, he came to this country in 1958. His wife and son live in Sacramento. He was a refrigeration and air conditioner expert both in England and here. He came to the terrace July 17.

A happy conclusion to my visit in the hospital was my talk with Mrs. Evelyn Collins of South San Francisco who announced joyfully, "I'm going home today." She had been at the hospital "on and off" since May 1. Her son was coming to get her. She planned to rest a month at home before going back to her job as secretary-bookkeeper with a C.P.A. firm.

Wish all those on the terrace were as happy as Mrs. Collins. However, if more volunteers visit there, there would not be so many gloomy days.

HE LOVES TO FISH but it will be sometime before Walter E. Laymance, a TB patient at the Terrace of Ross General Hospital, can enjoy the sport. He whiles away the long hours by reading about the outdoors and its delights.

MRS. GENNY BERRY, executive secretary of Marin County Tuberculosis Association, chatted with George Wall, on the terrace. He also likes to go fishing but right now company is what he craves .

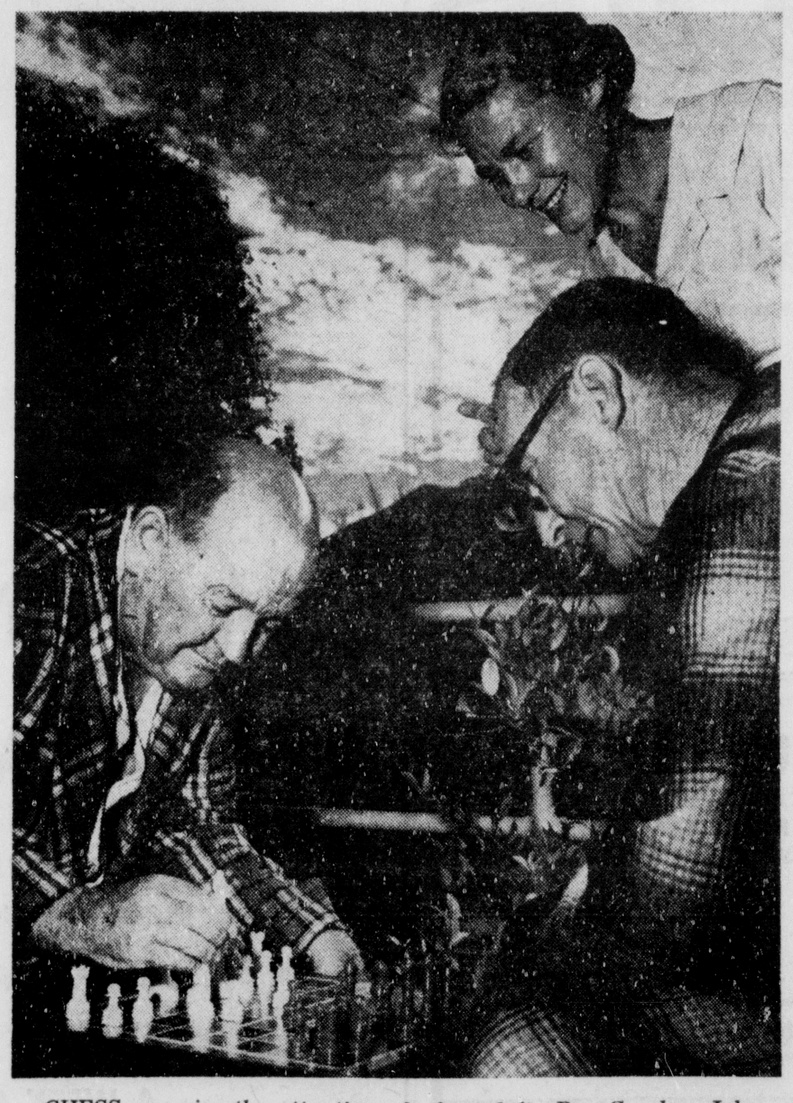
MRS. H. CORWIN HINSHAW, co-chairman of patients services and rehabilitation committee of the TB association, who is searching for volunteers to visit patients on the terrace, was photographed with one of them, Ron Youd.

MRS. ROBERT A. DAVIS, a volunteer on the terrace, listed articles Otto Bortfeld asked her to get for him. This is one of the services given by the volunteers. Mr. Bortfeld has spent many months on the terrace but remains his cheerful self.

FORTUNATE is Frank L. Carson, in having his wife, left, visit him frequently during his long convalescence on the terrace. They were photographed with Mrs. Letitic Lynch, head nurse.



CHESS occupies the attention of, from left, Ray Crooke, John Irons, TB patients, and Mrs. Charles Kelly, co-chairman of patients services and rehabilitation committee with Mrs. Hinshaw.

GOING HOME! Mrs. Evelyn Collins, who has been 'on and off' the terrace since May, rejoiced as she packed and was being released from the hospital. (Independent-Journal photos by Bob Hax)

HOLDING THE BALL as plans are completed for the Greenbrae P-TA Kickoff Dinner on Wednesday is Mrs. Louis King, chairman. In the backfield are, from left, Mesdames George Herrero, dinner chairman; Hubert Pessner, P-TA president and Peter Brajkovich, program chairman. (Independent-Journal photo)

P-TA Team Kickoff Wednesday

First meeting of the year for the Greenbrae P-TA will be strictly for fun.

It's to be a kickoff dinner for all parents and teachers with a gridiron theme and a five-minute pep talk from the coach, Superintendent Howard Harmon of the Kentfield School District.

Dinner will be served at 6:30 p.m. Wednesday at the Greenbrae School.

P-TA executive board members will cook the dinner, a repeat of last year's popular chicken menu.

Pennants will adorn the tables, with parents and teachers seated according to grades of their children.

Entertainment will be provided by Jack Preble and His Pea Pickers, a musical combo of school personnel led by the Greenbrae School principal.

Cheers will be led by teachers Mrs. Joan Mibach and Mrs. Corinne Giampaoli.

Then the team will romp on the field—eleven "fighting females" billed as the Greenbrae Slackers.

Tickets are available from Mrs. Clarence Lesko.

General chairman of the event is Mrs. Louis King; Mrs. George Herrero is dinner chairman; Mrs. William Milot, decorations; Mrs. Peter Brajkovich, program.

HONORED IN a Girl's Auxiliary coronation at the First Baptist Church in San Rafael were, from left, LaJuan Lawrence of San Rafael; Nancy Wallace of Mill Valley; Judy Harrop of Terra Linda and Carol Hough of San Rafael.

Baptist Auxiliary Honors 5 Girls

A gold fan provided the background for the "Queenly Quest" of five girls honored recently in a Girl's Auxiliary coronation service at First Baptist Church, San Rafael.

Under the direction of Mrs. Clayton Harrop of Terra Linda, three girls reached the step of "queen," one "queen-with-scepter," and one "Maiden."

They are Nancy Wallace, daughter of Mr. and Mrs. Brad Wallace, Mill Valley; LaJuan Lawrence, daughter of the Rev. and Mrs. Travis Lawrence, San Rafael; and Carol Ann Hough, daughter of the Rev. and Mrs. Wallace M. Hough Jr., San Rafael, queen; Judith Harrop, daughter of Dr. and Mrs. Harrop, Terra Linda, queen-with-scepter; and Elaine Montgomery, daughter of Mr. and Mrs. Oscar Montgomery, San Rafael, maiden.

Herbert Mellen, Miss Bell Wed At Zephyr Cove

Mr. and Mrs. Herbert Mellen are living in San Anselmo following their wedding in Zephyr Cove, Nev., on Sept. 30 and wedding trip at Lake Tahoe.

The bride, the former Clifford Ann Bell, is the daughter of Mrs. Mildred Bell of San Rafael and the late Clifford Bell. She chose a beige suit with matching accessories for her marriage.

She is a graduate of Eureka High School and is employed by Pacific Telephone Co. in Mill Valley. She is the sister of Harley and Harvey Bell of San Rafael and Mrs. Donna White of Novato.

The bridegroom, who is the son of Mrs. Ernest Mellen of San Rafael, is a San Rafael High School graduate. He is employed by Pacific Telephone in San Rafael. He is the brother of Mrs. Charles Johnson, Alice and Ernest Mellen Jr., all of San Rafael.

Easier Waxing

A floor wax permits re-waxing from four to 10 times without removing earlier coats. It's scuff, stain and spill resistant and can be washed with hot water and detergents. Re-waxing over the base coat results in a higher gloss, the manufacturer reports.

Bettejoan Scott Recites Vows At Stewart Memorial Chapel

Stewart Memorial Chapel at the San Francisco Presbyterian Theological Seminary in San Anselmo was the setting for the wedding of Bettejoan Scott and William Harold Jensen Saturday afternoon. The Rev. Wesley Baker officiated.

The bride chose a short white satin gown for her nuptials. Mrs. William Austin of San Rafael was matron of honor, wearing a peacock blue satin dress.

Best man for the bridegroom was Denton Holmes of San Francisco. Irwin Scott, Bettejoan's brother, escorted guests to seats.

After the wedding a reception was given at the San Rafael home of the bride's parents, Mr. and Mrs. Rudolph Scott.

The newly married pair then left on a wedding trip to Carmel and Yosemite for a week. They will live in Ft. Bragg, N. C., where the bridegroom is stationed with the Psychological Warfare Unit.

The bride is a San Rafael High School graduate and received her bachelor's degree from San Jose State College, where she was affiliated with Gamma Phi Beta and Delta Phi Delta.

William is the son of Maj. and Mrs. Harold Jensen of San Francisco and was graduated from Lowell High School and the University of California, where he belonged to Sigma Nu fraternity. He has been employed by All-State Insurance Co. in San Francisco. Peggy Jensen is his sister.

Know-How Eases Teens Through Role Of Hostess

Teen-agers love to go to parties and eventually it becomes their turn to be the hosts and hostesses to their friends.

The best way to invite the guests is by telephone, calling the girls first to ask what escorts they would like to have invited. Then call them.

Then when the guests arrive the parents can be standing by to greet them with the host or hostess, after which they quietly disappear. They are not present to police the party, though perhaps an "outside" parent might serve as a chaperon, but their presence during the evening served to welcome the guests to their home and back up the host should a guest get out of line.

The chaperon today merely is present to make sure that things move smoothly and to assure guests and their parents that the party will be above criticism. She can be a real help to the hostess or host in seeing that everybody is included in the evening's fun and refreshments.

The duties of the host or hostess, as with any party, is to mingle, never confining attention to one group. If the party begins to lag it is well to have games ready to start things going again. The serving of refreshments, too, usually serves to break up any small cliques and keep the conversational ball rolling.

The host or hostess should not try to be the life of the party, outshining and upstaging the guests.

Teen-agers attending a party should avoid the oversophisticated look of the too-high heels, fancy gown and elaborate accessories.

They tend to make the wearer conspicuous and uncomfortable and by the end of the evening much of the glitter may appear worn. Remember that your friends and escort want to be proud of you, not embarrassed. Likewise a gal wants to be proud of her escort, and he should be neatly dressed and wearing a suit and tie when the occasion demands or neat sport clothes for informal gatherings.

MARIN MAGAZINE
PUBLISHED EVERY SATURDAY IN THE INDEPENDENT-JOURNAL
SERVING ALL OF MARIN COUNTY
A WEEK OF GOOD READING

PROFILE OF THE WEEK—Dr. Jacob A. Long, recently retired vice president of the San Francisco Theological Seminary in San Anselmo, will be profiled in tomorrow's Marin Magazine by Independent-Journal writer Paul Miller. Dr. Long was raised in the Yakima Valley of Washington and first entered the Presbyterian ministry in the 1920's in New Hope, Pa. The profile will tell of Dr. Long's early attempts to create an "inner-city" ministry to reach the greatly expanding urban populations.

ONE OF A SERIES — Each week an Independent-Journal staff writer explores the character, achievements and human side of one of Marin's outstanding personalities — some of whom are all too little known by their neighbors.

MARIN'S SOCIAL WHIRL

Newly Wed Roy Roches Being Feted By Sanford Lowengarts

By FLORENCE DONNELLY

In honor of the newly married Mr. and Mrs. Roy Roche, their Kent Woodlands neighbors, Mr. and Mrs. Sanford Lowengart are entertaining at a supper party tomorrow night. Mrs. Roche is the former Josephine Farny Pervere.

Brentwood visitors, Mr. and Mrs. Leo O'Flaherty, will be honored at a cocktail party and dinner Thursday by Mr. and Mrs. Harry Smith at their home on Paradise Drive, Tiburon. The O'Flahertys are staying at the nearby beach house of their son, Terrence O'Flaherty, the TV and radio columnist, who is now in Dallas, Texas on location for his show, PM West.

Visiting the Smiths for two weeks recently was her niece, Miss Olivette Achenbach of San Diego and they gave a cocktail party and buffet dinner for her. Miss Achenbach is chairman of communications for the American Red Cross in San Diego.

BACK yesterday from a holiday in the south were Dr. and Mrs. Lawrence Garrett of San Rafael. They stayed at Palm Springs for four days and then went to Rancho Santa Fe where they put in much time on the golf course. They had a variety of climate. The desert was hot and between Palm Springs and Escondido they ran into a freak snow storm.

HONORING the Stanwood Murphys, who recently moved back to San Francisco from Scotia, the Norman B. Livermores Jr. of San Rafael are entertaining at a buffet supper tonight.

FROM BREGENZ on Lake Constance in West Austria, I received a card from Lorraine Schirmer, who is making another European tour with her husband, George. She wrote they had left "magnificent Vienna" three days before and had driven through the Austrian Alps with "breathtaking scenery, quaint villages and farms and most pleasant people." She said they would be back in Germany in two days. They've no set time table for their travels but will probably return to their Kent Woodlands home in December.

NEW RESIDENTS of Greenbrae are Mr. and Mrs. Charles J. Dondero, who with their two children, Christina, 5, who attends the Greenbrae Nursery School, and Jeffrey, 14, a sophomore at Marin Catholic High School, moved here from Sherman Oaks. The Donderos are living in an apartment until their new home on Via Navarro is completed which will be in about three weeks.

THREE COUPLES from Marin, the Robert Lees of San Rafael, the H. Bruce Bernhards of Loch Lomond, and the Charles Cains of Greenbrae, will be in Pebble Beach for the weekend. The men, members of the San Francisco Rotary Club, are playing in its golf tournament.

What's Wrong With Youth Groups? There Just Aren't Enough—

What's wrong with the Boy Scouts? One thing, as I see it. There aren't enough troops to go around. Some kids want to join, but can't. The same goes for the YMCA, for Boys' Clubs, Camp Fire Girls, Girl Scouts and the YWCA. We need more character-building clubs, everywhere.

You shouldn't force a reluctant child into one of the groups. Some children just don't cotton to them. But you should see that every boy or girl who wants to join has the chance.

Our children form their own little gangs, of course. Some of them are good and some are bad but they're all important. Standards of honesty, sportsmanship, speech, appearance and scholarship come from the gang. Watch your children and you'll see what I mean.

It's up to us to provide enough good gangs to counteract the bad ones. Boy Scouts, Camp Fire Girls and others are good. So are church clubs. In them our sons and daughters get credit for doing worthwhile things. They don't steal. They don't set fires, beat up kids or destroy property. They try to be good instead of bad.

Why the shortage of character-building groups? There's just one reason. There aren't enough parents willing to lead them. Almost always more children sign up than can be accepted. There are clubs ready and waiting, with no one to take over.

Here's a suggestion. Pick the organization your child needs. Then call the local headquarters and offer your services. Be a volunteer leader. You'll get a lot of help, the work won't be hard and you'll have the time of your life. Try it and see.

Search For Art Also Search For Emotional Security

By GAY PAULEY
UPI Women's Editor

NEW YORK — The national yen to collect art indicates we are searching for emotional security, says a woman who has helped to put art out for all to see.

"We live surrounded by violence, perpetual and dreadful, in real life, in the movies, in the theater . . We live with the haunting spectre of the H-bomb," Mrs. Beryl S. Austrian said.

"I think people have turned to art forms seeking emotional security. It is the human spirit's yearning for decency.

"It would not surprise me but what most of us would take something beautiful with us to the fallout shelter," she said.

Mrs. Austrian, red-haired, blue-eyed and an art collector in private life, is boss of the company which she founded in the depression years. It specializes in interior design of lobbies of apartment houses and offices.

More than 100 New York apartment building lobbies bear the Austrian touch—almost all these "urban front porches" are showcases for paintings and sculpture.

Mrs. Austrian often takes on a home decorating assignment too, and has done several houses for wealthy collectors of art.

"I've been saying for a long time, let's put art back where it belongs—on walls. I used to think those dead white walls in decorating went with dead white souls."

Mrs. Austrian said there are factors other than esthetic satisfaction helping the art boom.

"People have a lot of money to spend, a lot of status to seek," she said. "And there's always the possibility you will buy a bargain."

The designer offered these suggestions to the beginning collector.

First, study. Read up on art at the library and museum. Spend all the spare time you can gallery and museum-going.

Don't buy anything you do not like just because it's "in." I don't believe in fashion in art," she said. "A picture is not like a dress you will discard next season."

Buy with a particular wall in mind, if you must. But here is where she suggested starting with lithographs because of their potential value and versatility. These black and white works are available inexpensively in the original and can fit into any room and any color scheme simply by changing the matting.

A Picasso lithograph hangs on one wall of her office. "I got it for $1.80 in the flea market in Paris," Mrs. Austrian said. "I've since had an offer of $400 for it."

Take advantage of picture rentals if there is a gallery in your town which will rent with an option to purchase. This way, you can determine whether you and the picture are compatible.

Opening lead — ◇ K

When this hand was played in a recent rubber bridge game, declarer won the first trick in dummy with the ace of diamonds and promptly finessed with the queen of spades. When he woke up, the opponents were scoring 100 points.

West won the second trick with the king of spades and shifted to a club. East took two club tricks and led a third club, whereupon West ruffed to defeat the contract.

TAKE ACE: South's correct play is to take the ace of trumps at the second trick instead of finessing. This will save one trump trick immediately if West happens to have the singleton king of spades.

If nothing startling happens on the ace of trumps, South cashes the ace of hearts, ruffs a diamond in dummy, and cashes a top heart to get rid of a diamond. Then declarer can lead another trump from dummy.

If the trumps are 2-2, South can lose one trump and two clubs at most. If East started with three trumps, South still loses only one trump trick. If West started with three trumps, South is sure to lose two trump tricks no matter how he plays the suit.

South is willing to lose one trump trick and two clubs, but he cannot afford to lose two tricks in each blank suit. He can avoid this by refusing the trump finesse.

Answer: Pass. This hand would be worth an opening spade bid if the suit were slightly stronger—say A Q 10 9 2, or the like. You might even open the bidding if your side ace were at the head of the four-card length instead of being a singleton.

Fire House Site To Be Vacated In Corte Madera

Corte Madera Volunteer Firemen's Assn. has received verbal agreement from A. B. Cardy of 40 Madera Boulevard, Corte Madera, owner of a storage shed on town-owned property which is the site for a second fire house, to vacate by Jan. 1, 1962.

Association members have requested Cardy to put the agreement in writing for presentation to the town council. The shed is located off Paradise Drive next to San Clemente Creek.

The association members at the Tuesday night meeting also discussed plans for the seventh annual firemens' ball which will be held in the Corte Madera Community Center on Nov. 4 beginning at 9 p.m.

'Rootbeer Bust' Set In Belvedere

Belvedere Volunteer Firemen Thursday night made final plans for their annual "Rootbeer Bust" for Belvedere children at 2 p.m. at the firehouse tomorrow.

The afternoon entertainment will be cartoons, fire prevention movies, rides on fire trucks and "lots of root beer and popcorn for all the kids," volunteer president A. C. Anderson Jr. said.

Fire Chief Lawrence T. Mersereau and volunteers will be on hand to answer questions about the firefighting equipment.

The annual event is financed from proceeds of the firemen's dance held each year, which also finances the Belvedere Firemens Annual Men's "Beer Bust."

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

NOTICE OF IMPROVEMENT

NOTICE IS HEREBY GIVEN that on the 2nd day of October, 1961, the City Council of the City of San Rafael, Marin County, State of California, adopted its Resolution of Intention No. 2536 for the acquisition of improvements in White Oaks Unit Two Assessment District, San Rafael, Marin County, California.

NOTICE IS HEREBY FURTHER GIVEN that said City Council, by said Resolution of Intention, resolved that it was its intention to order the following acquisitions to be made in the City of San Rafael, County of Marin, State of California, to wit:

Construction of the street improvements including paving, curb and gutter and sidewalk, monuments, catch basins and street signs; concrete stairs, walks and hand rail in the pedestrian walkway; storm sewers and appurtenances; sanitary sewers and appurtenances and water mains and appurtenances on the dedicated streets as shown on the subdivision maps and in public easements in White Oaks Unit Two Subdivision.

NOTICE IS HEREBY FURTHER GIVEN that all of the work and improvements above described are constructed or are to be constructed at the places and in the particular locations and to the lines and grades, and of the forms, sizes, dimensions and materials referred to in the Resolution of Intention passed by the City Council of the City of San Rafael on the 2nd day of October, 1961.

NOTICE IS HEREBY FURTHER GIVEN AS FOLLOWS:

That the City Council of the City of San Rafael has found, by Resolution of Intention No. 2536 that the work and improvements are of more than local and ordinary benefit and that said work and improvements should be assessed upon the district described in said Resolution of Intention.

That serial bonds shall be issued in the manner and form provided in Part 5, Division 7, of the Streets and Highways Code of the State of California (Improvement Act of 1911) to represent unpaid assessments of Fifty Dollars ($50.00) or over, which said bonds shall bear interest at the rate of six per cent (6%) per annum and the last installment of which bonds shall mature fourteen (14) years from the 2nd day of January next succeeding the next September 1st following their date. Said bonds shall be payable to bearer, and may be redeemed as provided in the Improvement Act of 1911, and there shall be added to the redemption clause in said bonds the following words:

". . . together with a premium of five per cent (5%) of said unpaid principal."

That GEORGE S. NOLTE, Engineer of Work, did, on the 2nd day of October, 1961, file with the City Clerk of the City of San Rafael his report in writing on the above described improvements, which said report had attached thereto the following: (1) Specifications; (2) Plans and Profiles and Estimates of Cost; and (3) Assessment Diagram and Assessment.

That said City Council did, on the 2nd day of October, 1961, consider and examine said report and did by resolution approve and confirm said report and order that said report and engineer's estimate be approved and ratified for the purpose of these proceedings.

NOTICE IS HEREBY EXPRESSLY GIVEN that the grades to which said work is proposed to be done are in many cases different from existing ground levels and the grades established in the plans and profiles referred to in the Resolution of Intention adopted by the City Council of the City of San Rafael, October 2, 1961, are the established grades to which said work is to be done.

NOTICE IS HEREBY FURTHER GIVEN that Monday, the 6th day of November, 1961, at the hour of 8:00 o'clock P.M. of said day, at the meeting place of the City Council of the City of San Rafael, located in the City Hall, Fifth and "A" Streets, San Rafael, California, are the time and place appointed and fixed by said City Council for hearing protests with relation to said proposed acquisitions; that any person interested in objecting to said improvements, the grades to which the work will be done, the extent of the assessment district, the assessment, or the Engineer's Estimate of Cost and expenses, or any other act or determination of the Engineer of Work or the City Council of the City of San Rafael may file a protest in writing with the City Clerk of the City of San Rafael at or before the time herein fixed for hearing.

NOTICE IS HEREBY FURTHER GIVEN that Monday, the 6th day of November, 1961, at the hour of 8:00 o'clock P.M. of said day, at the meeting place of the City Council of the City of San Rafael, located in the City Hall, Fifth and "A" Streets, San Rafael, California, are the time and place appointed and fixed by said City Council for hearing protests with relation to the acquisition of said proposed improvements; that any person interested in said acquisition of improvements may object to ordering the acquisition of said improvements; objection may be made to the grades and claim may be made of consequential damages resulting from the nature of the work to be done; objection may be made to an easement, the extent of the district or the legality of any act or proceeding of the City Council of the City of San Rafael or its officers, agents or employees. Such objections and claims must be made in writing, in the form required by the provisions of Charter Ordinance No. 590 of the City Council of the City of San Rafael, Marin County, California, and must be filed with the City Clerk of the City of San Rafael, California, at or before the hour set for hearing thereon.

NOTICE IS HEREBY FURTHER GIVEN that the estimated cost of said acquisition of improvements is the sum of $243,000.00.

NOTICE IS HEREBY FURTHER GIVEN that any and all persons are hereby referred to the Resolution of Intention hereinabove referred to and to the Report of the Engineer of Work, filed with the City Clerk of the City of San Rafael on the 2nd day of October, 1961, for any and all further details with relation to said proposed acquisition of improvements.

DIFFERENT

A really unusual home for different people! No eating space in the kitchen here—you either eat standing up or else on the plush carpet in a huge beamed ceiling living room. You don't have a family room because the space was used by a long wide picture gallery hallway. You have to hike 83 feet from one end of the house to the other, and before you even get to this secluded paradise of non-conformity you have to drive up a big hill after coming all the way to Sleepy Hollow, which is too far to commute anyway. Oh! yes, the builder made such conventional mistakes as 3 bedrooms and 2 baths, also stuck in a SWIMMING POOL square on one end and round on the other, but large enough to get wet in. Name your terms. Excellent financing. $29,950.

EXECUTIVE'S HOME

4 blocks from downtown Petaluma, yet enjoy one of our finer residential areas. You'll have 3 bedrooms plus; TV room, beautifully remodeled living room, dining room and kitchen, and a large entry hall for your guests. No "climbing blood" needed to scale a narrow, steep stairway—this one's as wide as one of today's rooms. The fireplace is a conversation piece with its massiveness framed with mirrors. Central heating plant located in small storage basement takes care of heating problems so you can enjoy this fireplace—not depend on it. The enclosed patio is sheltered on 3 sides by the home itself and is accessible from T. V. room or kitchen. 65x 122-ft. lot provides lots of room for the best in landscape ideas in spite of the large home and double garage. Enclosed service area at rear of lot. Bargain taxes for a home of this calibre. Let's make a date. $29,900 — terms available.

Tam District Students Win Commendations

Eighteen Tamalpais High School district students have received letters of commendation for their performances in last spring's National Merit Scholarship examinations, Supt. Chester G. Carlise announced.

Drake students are Robert Fogerty, Mary Hughes, Clark Morrison, Sylvia Shapiro, William Theile, Michael Ungersma, Edward Vacha and Carl Willits.

Redwood students receiving certificates are Charles Cauldwell, Muriel Duncan, Elizabeth Hammong, Nancy Lewis, David Nightengale, Mira Rise and Vardon Tremain. Those named from Tamalpais High are Steven Dazey, Jonathan Gicker and Irvin Sutley.

Students receiving certificates are in the top two per cent on national merit scores, according to the announcement received by Carlisle.

Membership Discussed By Chamber Group

Paul Richards, secretary-manager of the San Rafael Chamber of Commerce, speaking at a meeting of the San Anselmo Chamber yesterday at Peg's Oven in San Anselmo, discussed techniques used in membership drives.

Eugene A. Ostaggi, formerly of Ross Valley Savings and Loan Assn., resigned from the San Anselmo Chamber because he is no longer in business in San Anselmo.

The chamber is making plans for an auto show in the large parking lot across the street from Safeway Store on Veterans' Day, Nov. 11. The city council has waived the business license to Marin car dealers for that day so they can bring new cars for public display.

Job Discrimination Laws In 21 States

SAN FRANCISCO (UPI) — There are now 21 states with enforceable laws against discrimination in employment, according to the California Department of Industrial Relations.

Illinois, Missouri, Kansas and Idaho adopted anti-discrimination laws this year. There were 16 states with such laws on Sept 18, 1959, when California's took effect.

Creative Dramatics Class Openings Told

A new class in creative dramatics for boys and girls aged 8 to 12 has been started by the San Rafael Recreation Department, director Joseph D. Rodota announced today.

The class meets on Tuesday and Thursday afternoons from 3:30 to 5:30 at E Street School Instructor is Douglas Briggs. Class instruction will be on fundamentals of play-acting, simple pantomime, charades and story acting.

There is no fee. Enrollment is limited but a few openings still exist, said Rodota.

Language Research

BERKELEY (UPI) — The University of California at Berkeley reports that rapid analysis of obscure and little known languages by electronic computer should become possible within a few years as a result of research now underway at that campus.

STATEWIDE SURVEY:

Nixon, Knight Both Leading Governor

By MERVIN D. FIELD
Director, The California Poll

As of today, Richard M. Nixon leads Governor Edmund G. Brown in voter popularity, but the margin of Nixon's preference is narrower today than it was three months ago. Former Gov. Goodwin Knight also tops Brown in a "trial heat" measurement of public sentiment.

These figures were obtained by The California Poll from a cross section survey of more than a thousand Californians throughout the state. Interviews were made between Oct. 2 and 6.

Representative Democrats and Republicans were questioned as follows about their current preferences for the governorship:

"If the race for governor finally came down to a contest between ———— and ————, which candidate would you vote for as of today?"

When opinions were tabulated for the Brown-Nixon race, it appeared the former vice-president was still a more popular choice than incumbent Brown. However, neither candidate commands a majority vote, and about one in seven voters is undecided. Nixon's margin of 10 points is down from the sixteen point lead he had last June.

Public preference for governor if voting today:

	Today	June 1961
Nixon	48%	53%
Brown	38	37
Undecid'd	14	10

Former Gov. Goodwin Knight also runs a strong race against Brown, although more than one person in five is withholding judgment at present. Knight's margin is a few points greater than it was in June.

Public preference for governor if voting today:

	Today	June 1961
Knight	44%	44%
Brown	34	37
Undecid'd	22	19

Yesterday's California Poll report showed Nixon far and away the leading choice among Republicans. However, it is apparent from today's figures that if Knight were running he would be a strong candidate.

An important source of strength for Knight comes from his relatively greater popularity with Democrats. Where Nixon draws 21 per cent of the people who identify themselves as Democrats, Knight manages to bag 31 per cent when pitted against Brown. Nixon, on the other hand is backed against Brown by 89 per cent of the Republicans interviewed in this cross section sampling, while Knight gets only 65 per cent of the Republican preferences when paired against Brown. Brown gets just 5 per cent of the Republican votes against Nixon, and 12 per cent agtinst Knight.

Brown's primary objective, of course, will be to regain presently errant Democratic party voters in the coming months. If he can do so, he has a built-in majority, since Democrats constitute about 58 per cent of the registered voters. To win, any Republican has to gain virtually all of his own party's support and raid the Democrats for at least 20 per cent of that party's vote.

Against two other Republicans who have been mentioned as possible candidates, former Lieutenant Governor Harold Powers and Assemblyman Joseph Shell, Brown holds a substantial plurality, although well over one-third of the public claims to be undecided as yet about these races. The division of sentiment in the first pairing is: Brown 39 per cent, Powers 26 per cent, undecided 35 per cent. In the second race, Brown polls 38 per cent to Shell's 24 per cent, with 38 per cent undecided.

Robert I. McCarthy, former head of the Motor Vehicle Department under Brown has also been mentioned as a possible Democratic entry in the gubernatorial race. Preference measures today indicate that McCarthy could also top Republicans Powers and Shell, although by a lesser margin than Brown does. McCarthy, like Brown, is led by both Nixon and Knight.

Public preference for governor if voting today:

McCarthy	32%
Powers	21
Undecided	47
McCarthy	31%
Shell	19
Undecided	50
Nixon	47%
McCarthy	33
Undecided	20
Knight	42%
McCarthy	27
Undecided	31
